DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.
FIG. 1 is a first image showing a front-side view of a TV receiver displaying GI and GUI showing our new design; and, FIG. 2 is a second image showing a front-side view of a TV receiver displaying GI and GUI showing our new design.
The subject matter in this patent or application includes images that transition between the figures. The process or period in which the images move forms no part of the claimed design.
The broken lines illustrating portions of the graphical user interface form no part of the claimed design.
