(57) **CLAIM**
The ornamental design for a headband with continuous fiber optic tufts, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a headband with continuous fiber optic tufts, showing my new design in an intended operating environment;
FIG. 2 is a front elevational view of the headband with continuous fiber optic tufts of FIG. 1, a rear elevational view being a mirror image thereof;
FIG. 3 is a left side elevational view of the headband with continuous fiber optic tufts of FIG. 1, a right side elevational view being a mirror image thereof;
FIG. 4 is a top plan view of the headband with continuous fiber optic tufts of FIG. 1;
FIG. 5 is a bottom plan view of the headband with continuous fiber optic tufts of FIG. 1;
FIG. 6 is a side perspective view of the headband with continuous fiber optic tufts of FIG. 1 having an upper portion and a lower portion thereof rotated with respect to one another;
FIG. 7 is a left side elevational view of the headband with continuous fiber optic tufts of FIG. 6, a right side elevational view being a mirror image thereof;
FIG. 8 is a front elevational view of the headband with continuous fiber optic tufts of FIG. 6, a rear elevational view being a mirror image thereof;
FIG. 9 is a top plan view of the headband with continuous fiber optic tufts of FIG. 6; and,
FIG. 10 is a bottom plan view of the headband with continuous fiber optic tufts of FIG. 6.
The broken line showing is for environmental purposes only and forms no part of the claimed design.
