(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

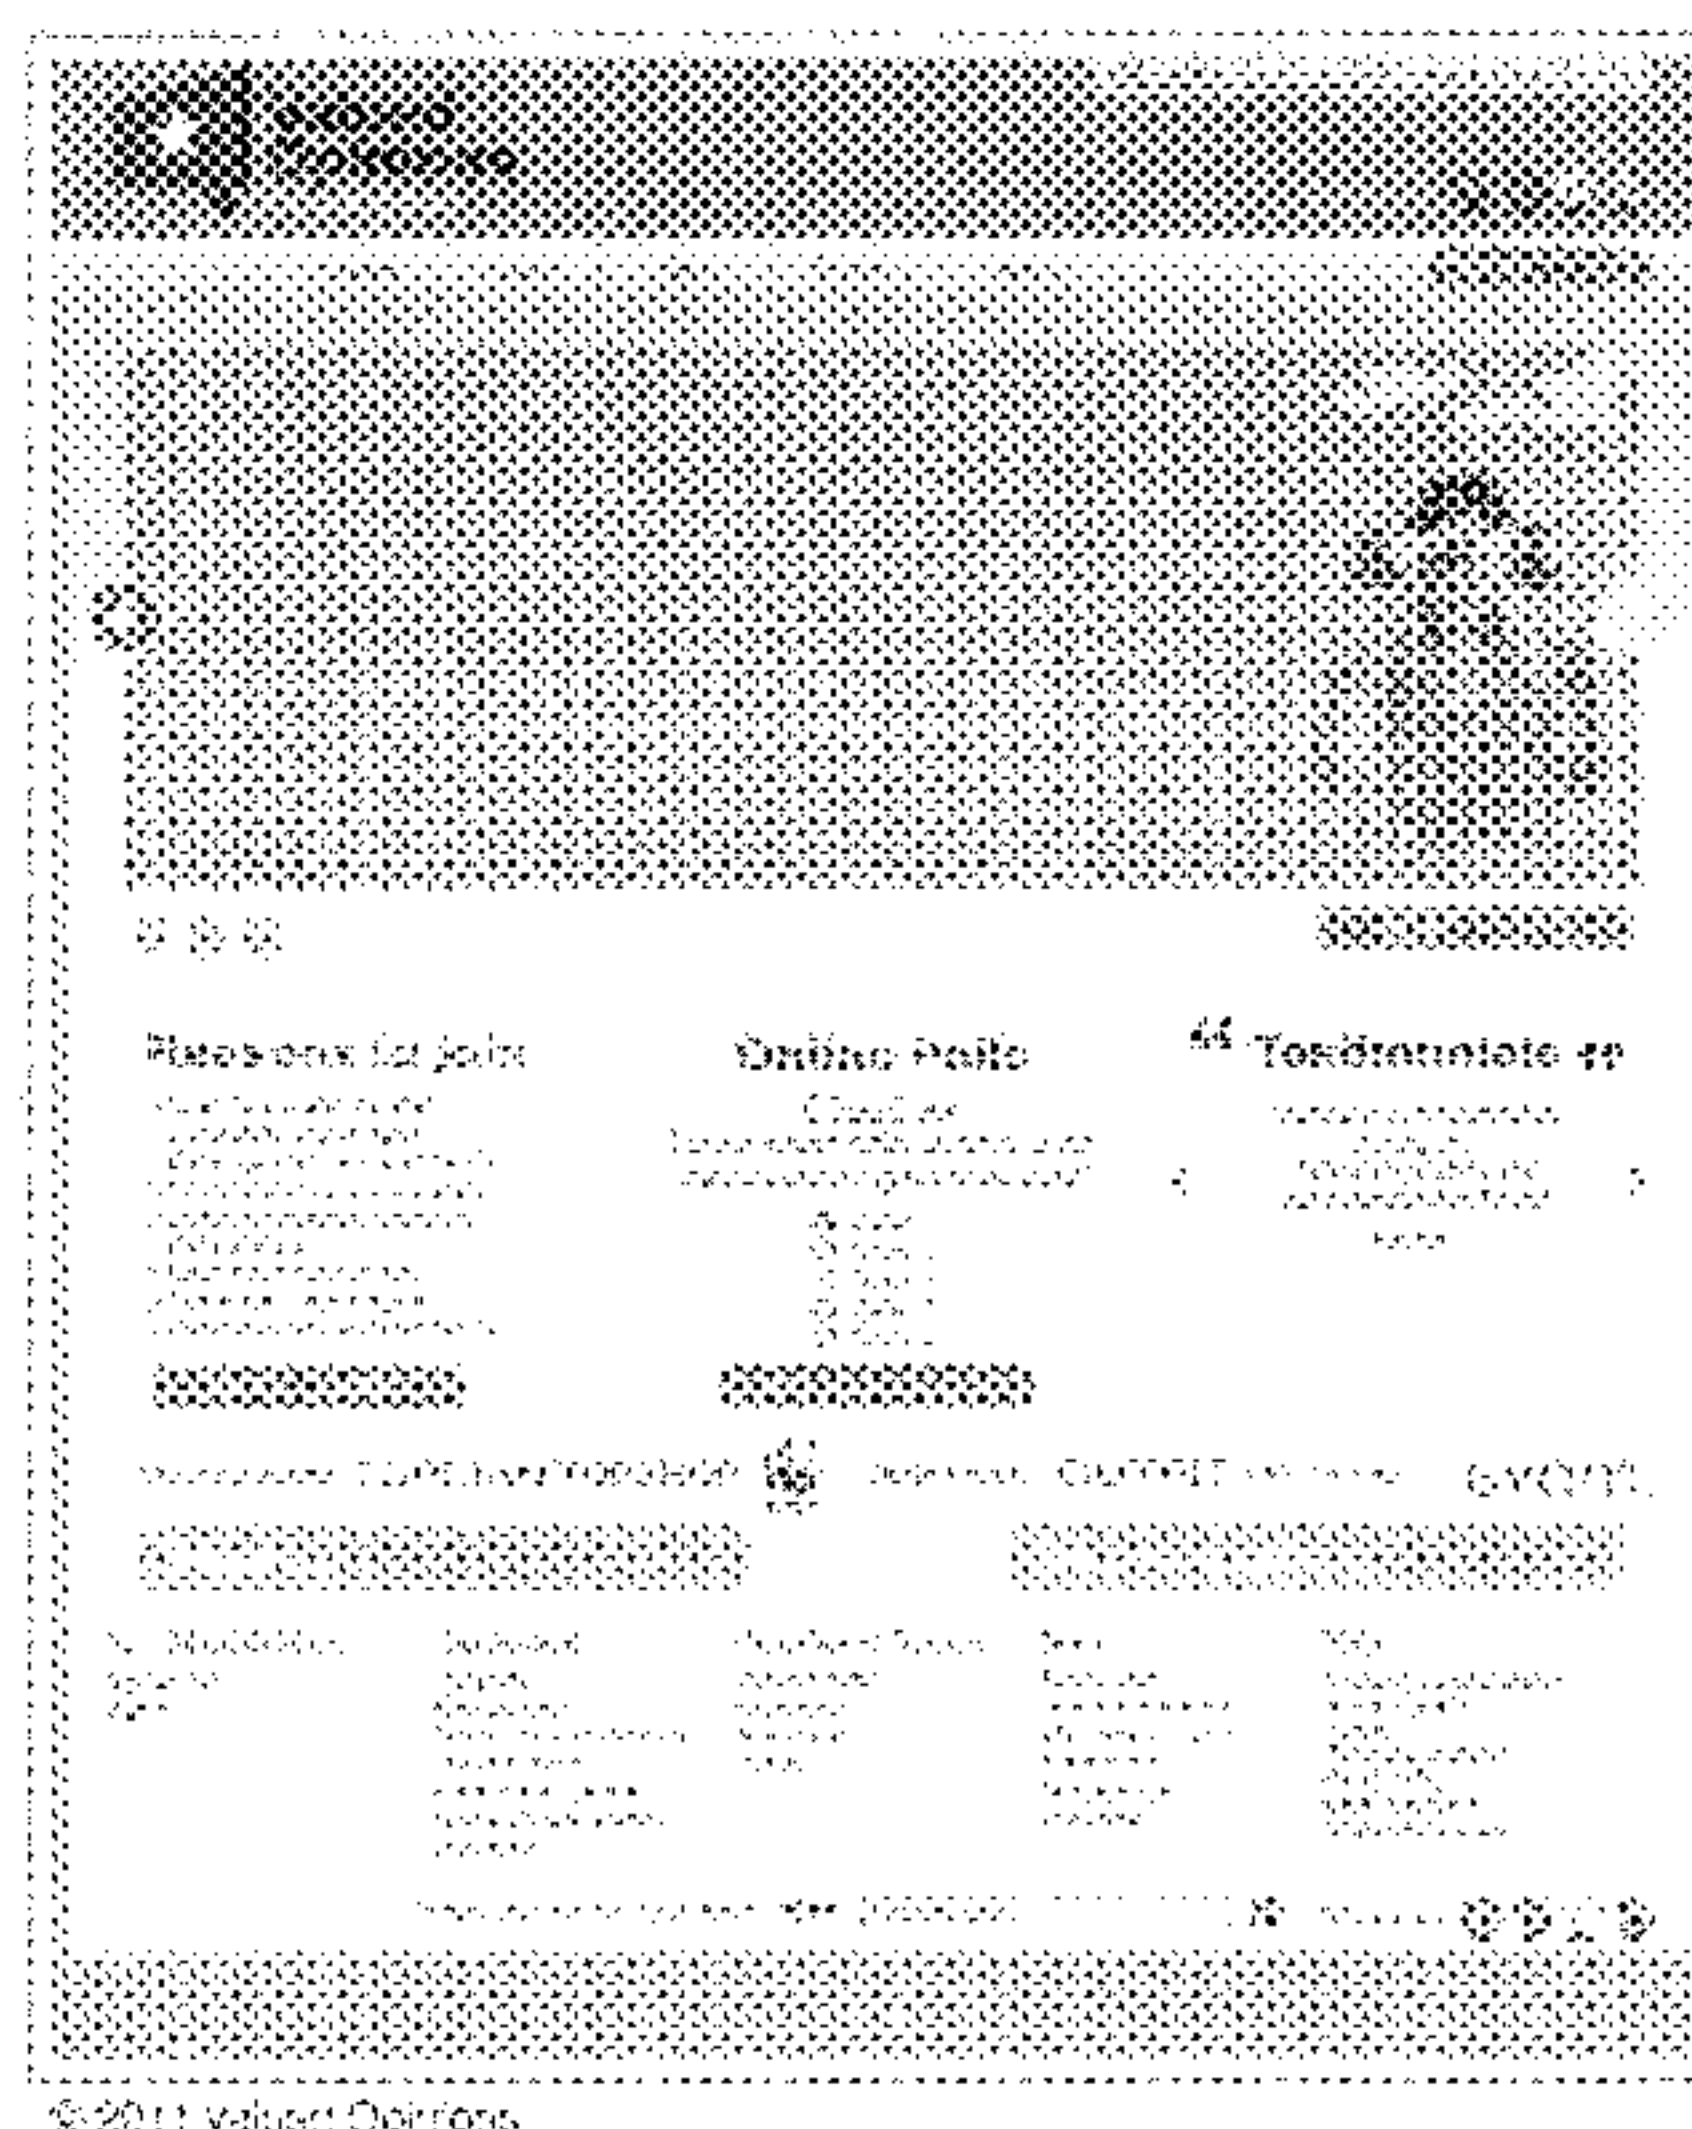

DESCRIPTION

A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all copyright rights whatsoever.

The FIGURE is a front view of a display screen with graphical user interface showing the new design.

The gridded patterned lines and the broken line showing of the text and star are included for the purpose of illustrating portions of the computer display screen with graphical user interface and form no part of the claimed design. The broken line showing of the display screen is for the purpose of illustrating environmental structure and forms no part of the claimed design.
