(57) **CLAIM**

The ornamental design for a fishing rod holder, as shown and described.

**DESCRIPTION**

FIG. 1 shows a side view of a fishing rod holder including two fish-shaped holder elements mounted protruding from a standard base.

FIG. 2 shows a front view of a fishing rod holder including two fish-shaped holder elements mounted protruding from a standard base.

FIG. 3 shows a top view of a fishing rod holder including two fish-shaped holder elements mounted protruding from a standard base.

FIG. 4 shows an isometric view of a fishing rod holder including two fish-shaped holder elements mounted protruding from a standard base and also includes a second fishing rod holder shown in phantom.

FIG. 5 shows another isometric view of a fishing rod holder including two fish-shaped holder elements mounted protruding from a standard base and also includes a second fishing rod holder shown in phantom; and,

FIG. 6 shows yet another isometric view of a fishing rod holder including two fish-shaped holder elements mounted protruding from a standard base and also includes a second fishing rod holder and two fishing rods shown in phantom.

The second fishing rod holder shown in each of FIGS. 4-6 in phantom lines is for illustrative purposes only and forms no part of the claimed design. Additionally, the fishing rods shown supported in FIG. 6 in phantom lines are for illustrative purposes only and likewise form no part of the claimed design.
