(57) **CLAIM**

The ornamental design for an attachable handle for tablet computer, as shown and described.

DESCRIPTION

FIG. 1 is a right side elevation view of an attachable handle for tablet computer showing my new design, the left side, the front side, and the rear side being a mirror image of the shown;

FIG. 2 is a top plan view thereof;

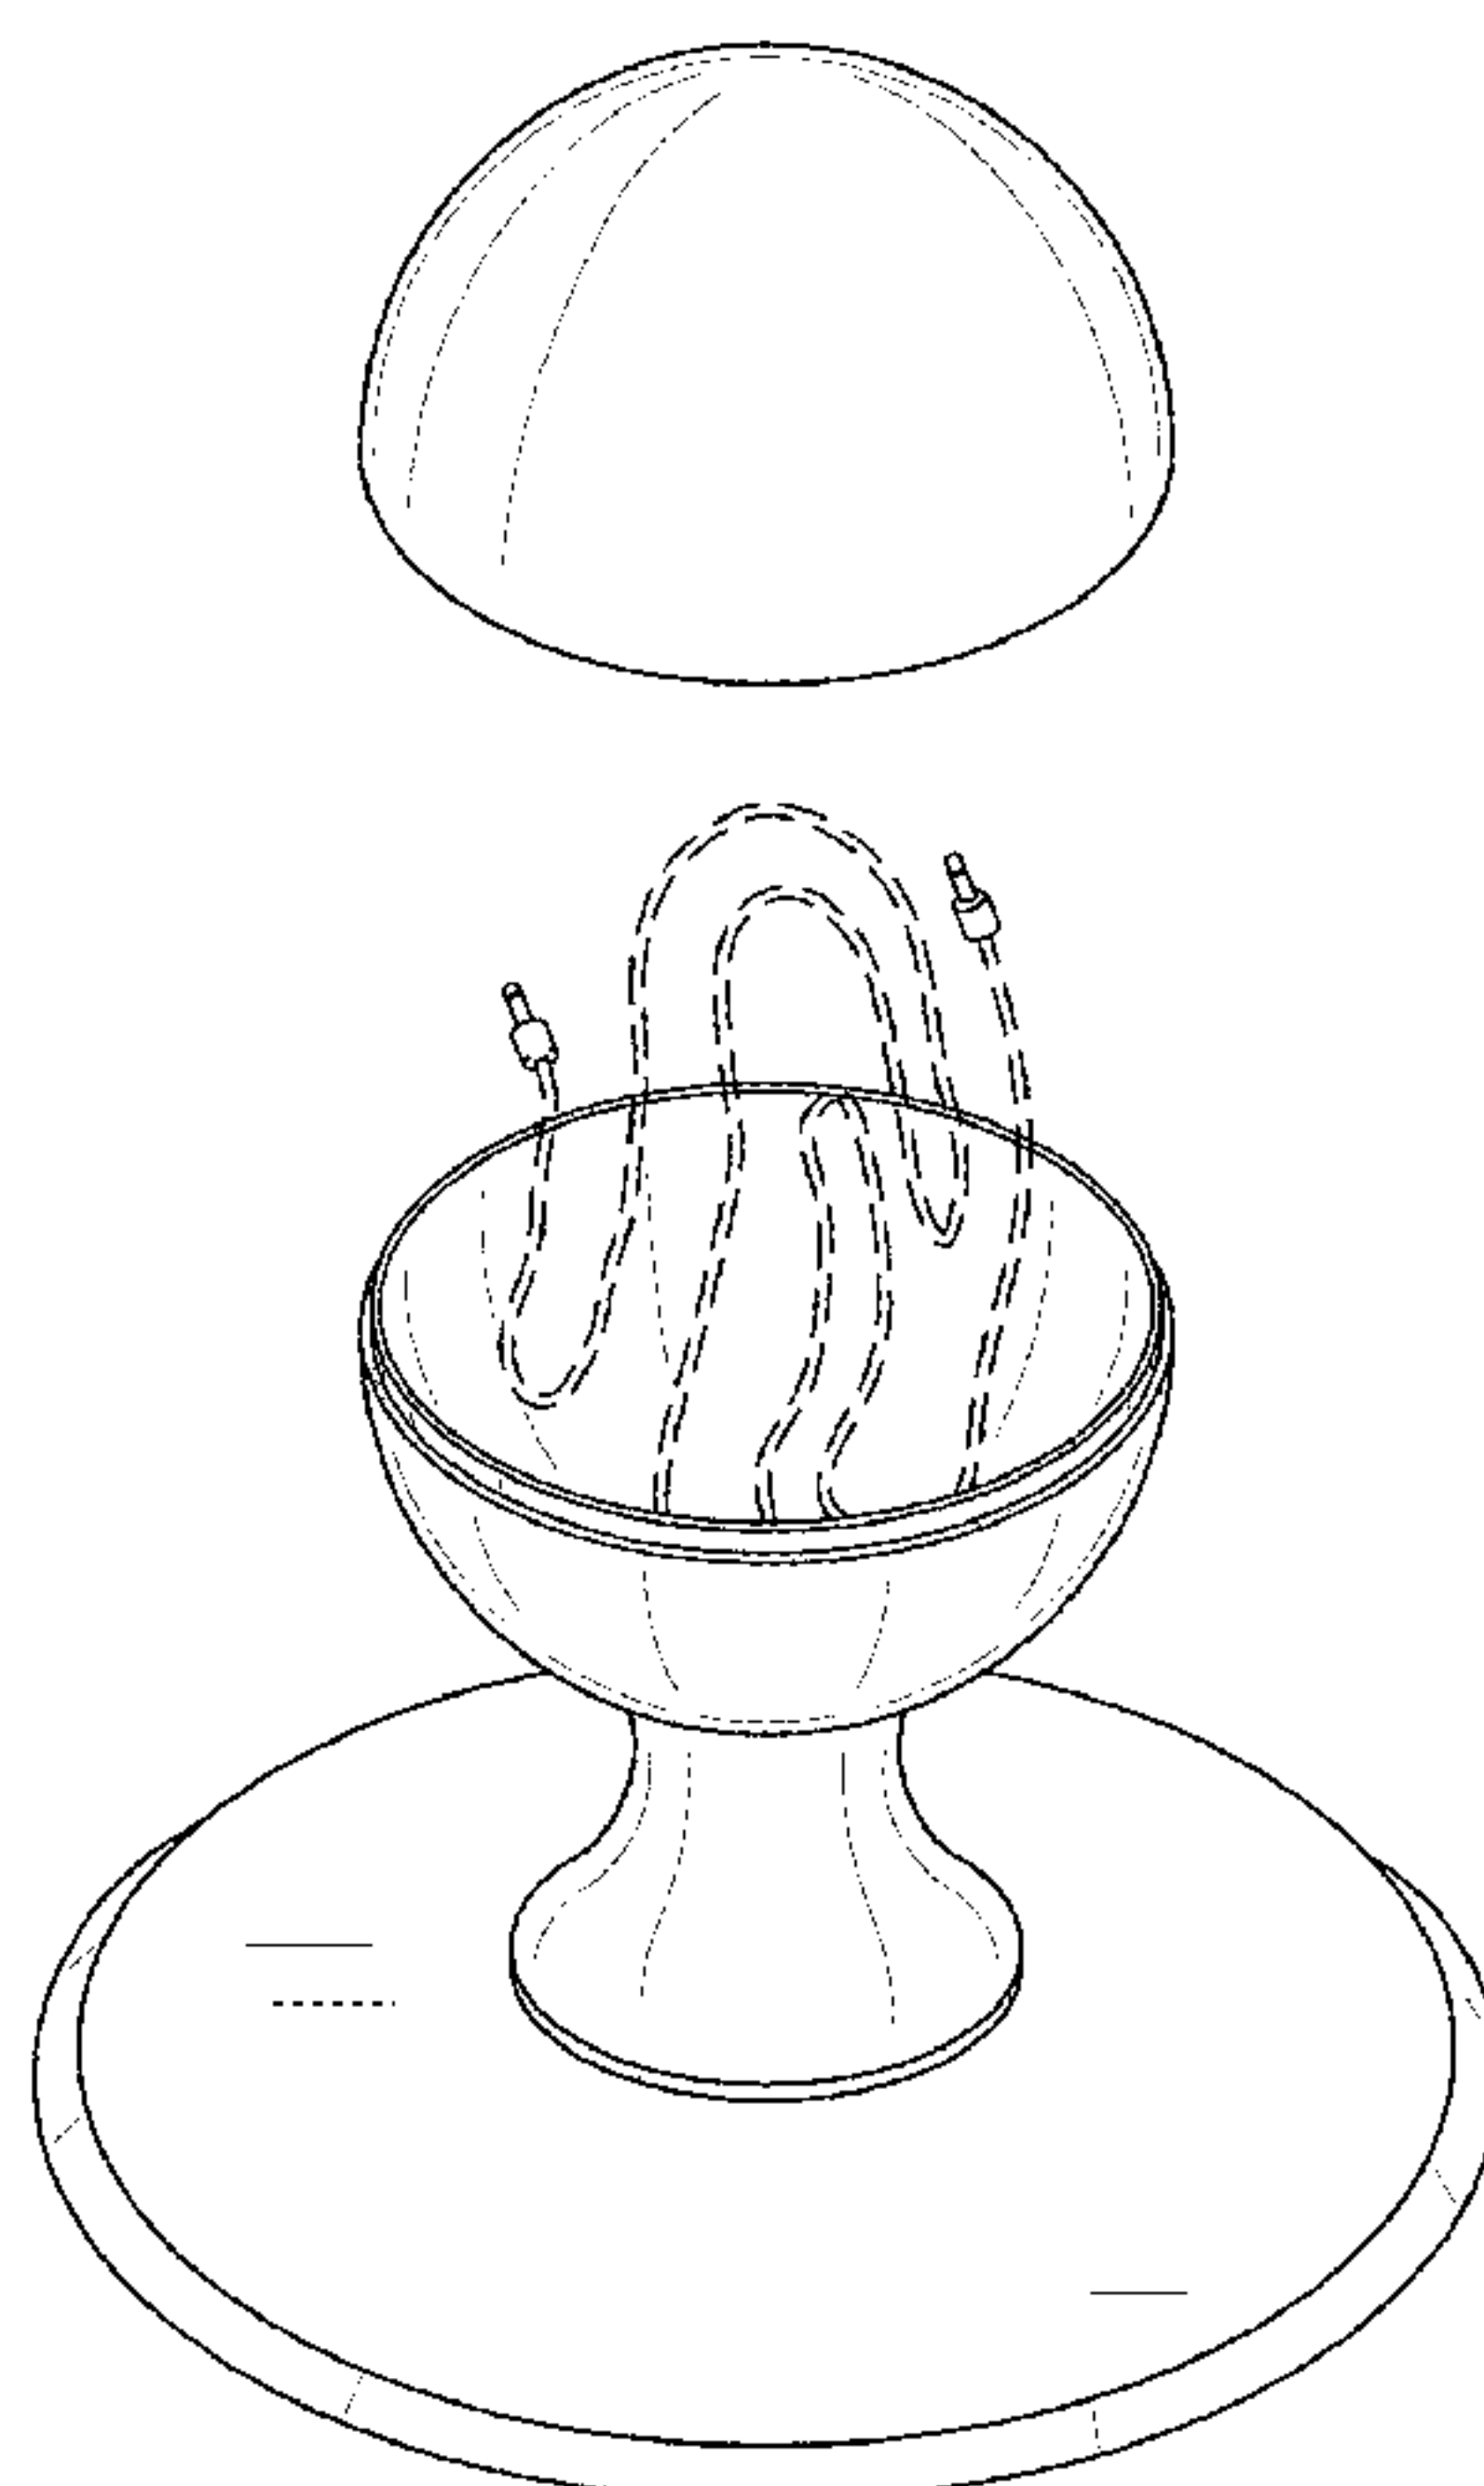

FIG. 3 is a bottom plan view thereof;

FIG. 4 is an exploded in-use bottom perspective view thereof showing a handle and a base separated for clarity; and,

FIG. 5 is an isometric front elevation view thereof showing an upper portion and a lower portion of the handle separated for clarity.

The broken lines in FIG. 4 and in FIG. 5 of the drawings depict a tablet computer and a cord, respectively, as environmental subject matter only and form no part of the claimed design.
