(57) **CLAIM**

The ornamental design for a "fastener attracting device for a driver tool," as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a fastener attracting device for a driver tool showing my new design, according to one embodiment;

FIG. 2 is a bottom perspective view of the fastener attracting device for a driver tool shown in FIG. 1;

FIG. 3 is a front view of the fastener attracting device for a driver tool shown in FIG. 1;

FIG. 4 is a side view of the fastener attracting device for a driver tool shown in FIG. 1;

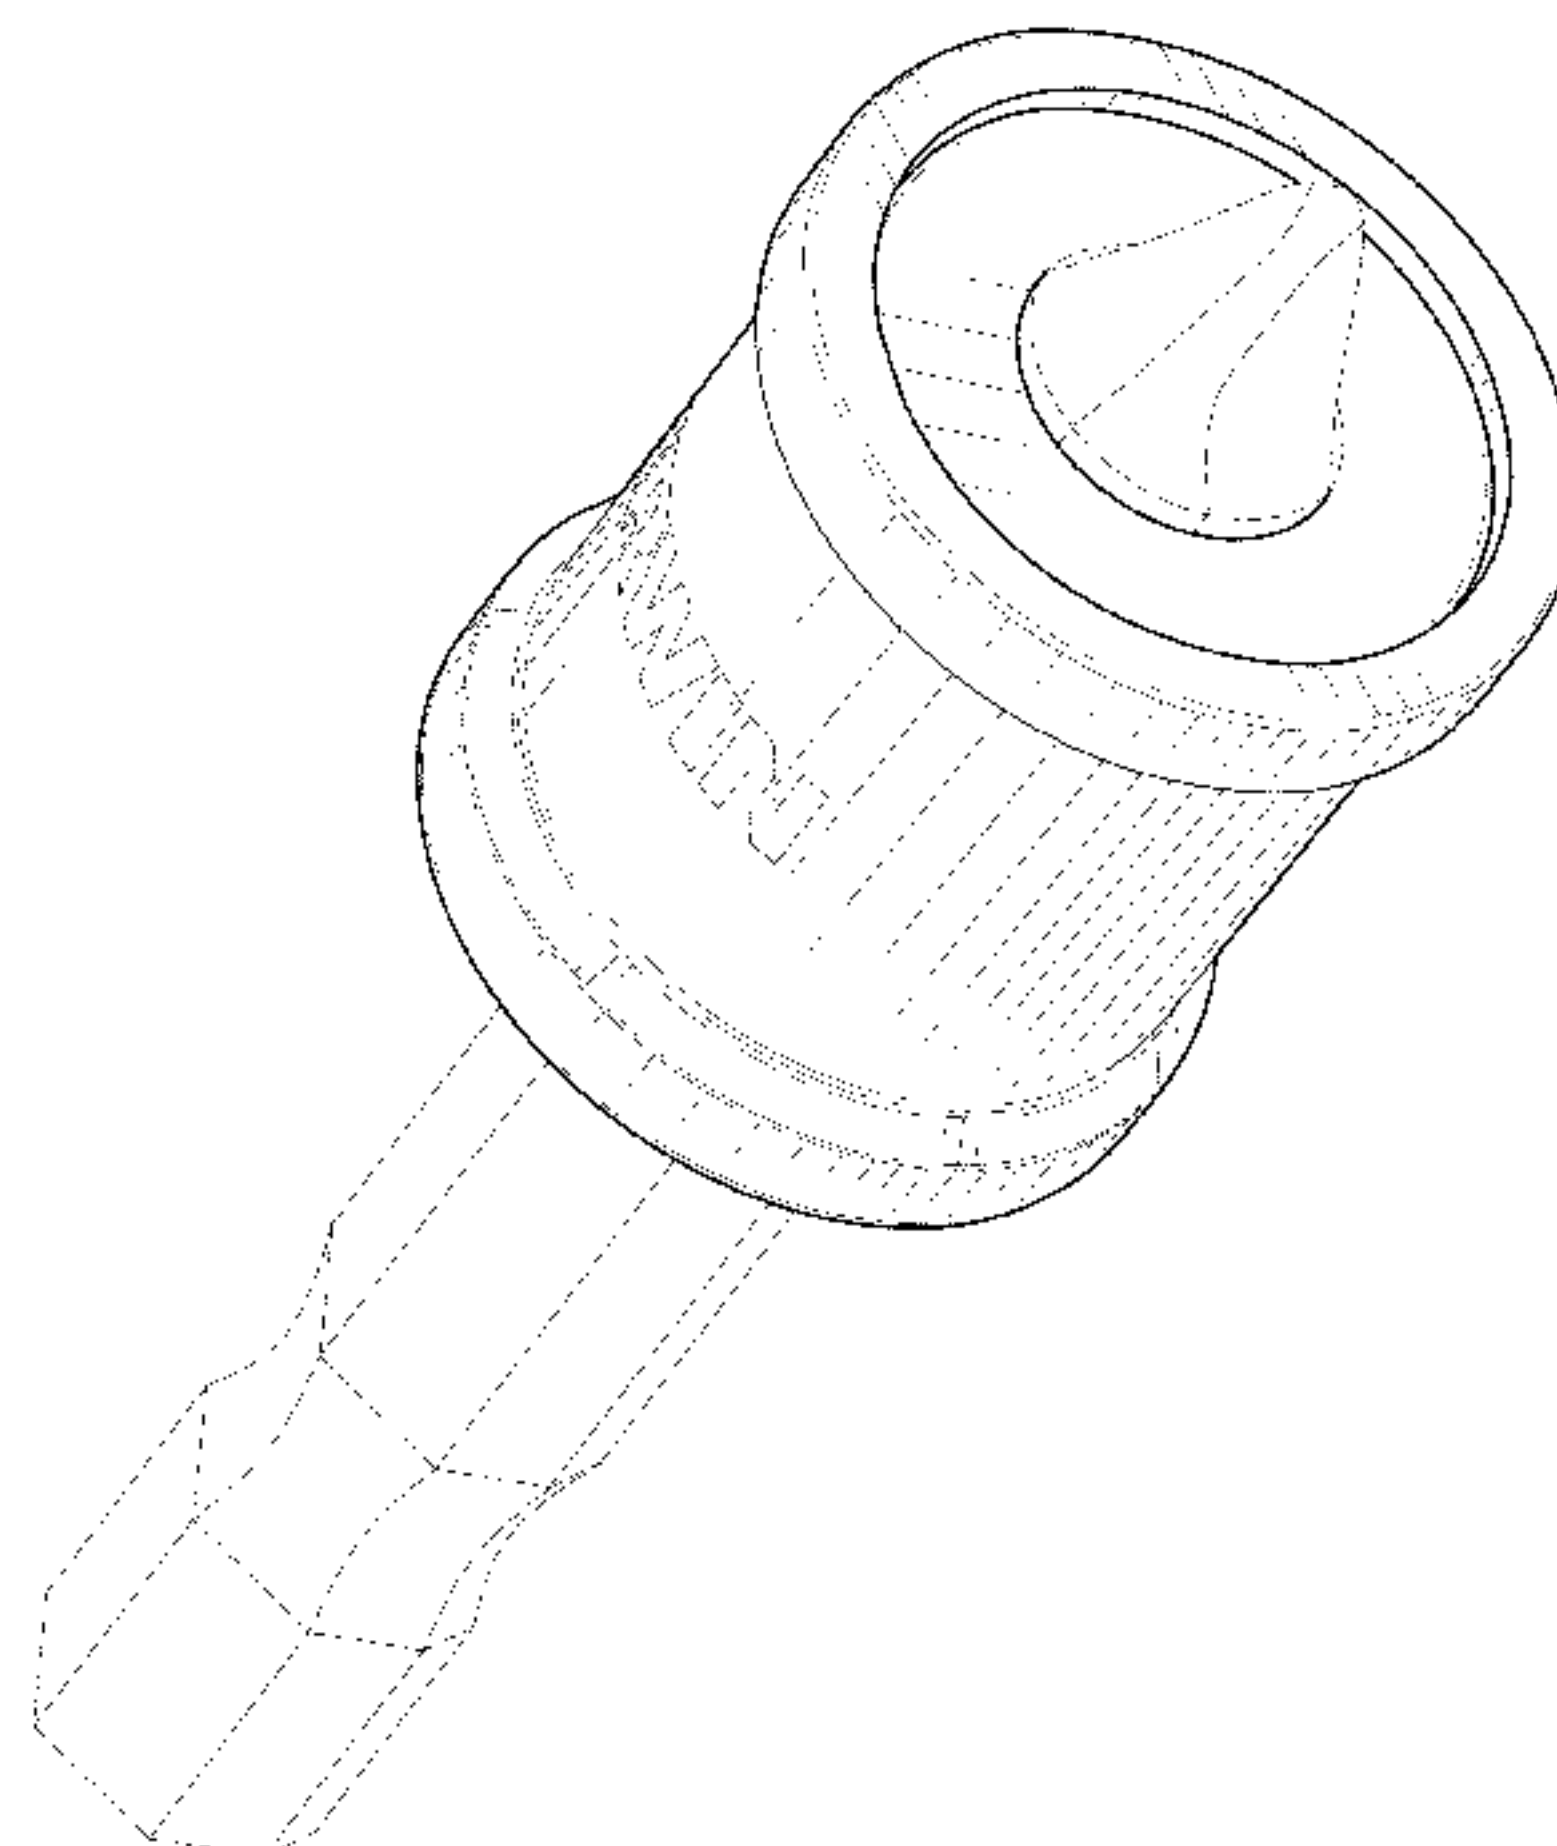

FIG. 5 is a top view of the fastener attracting device for a driver tool shown in FIG. 1;

FIG. 6 is a bottom view of the fastener attracting device for a driver tool shown in FIG. 1; and,

FIG. 7 is a top perspective view of the fastener attracting device for a driver tool shown in FIG. 1 attached to a driver tool.

The broken lines shown in the drawings illustrate portions of the fastener attracting device for a driver tool that forms no part of the claimed design.

1 Claim, 7 Drawing Sheets
