(57) **CLAIM**

The ornamental design for a computing device display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is an enlarged front view of a computing device display screen with graphical user interface, under a first embodiment; and,

FIG. 2 is a front view of a computing device display screen with graphical user interface, under a second embodiment.

The broken lines showing portions of a computing device display screen in FIGS. 1 and 2 represent environmental subject matter that forms no part of the claimed design. The broken line within the solid line perimeter of the design in FIG. 2 represents a portion of the computing device display screen with graphical user interface that forms no part of the claimed design.
