(57) **CLAIM**

The ornamental design for an indoor bark control transmitter, as shown and described.

DESCRIPTION

This application is related to a separate design patent application being filed on the same date and having the same title.
FIG. **1** is a top, right front perspective view of an indoor bark control transmitter showing our new design;
FIG. **2** is a front elevational view thereof.
FIG. **3** is a rear elevational view thereof;
FIG. **4** is a right side elevational view thereof.
FIG. **5** is a left side elevational view thereof.
FIG. **6** is a top plan view thereof; and,
FIG. **7** is a bottom plan view thereof.
The structural features shown in broken lines have been shown for the purpose of illustrating portions of the indoor bark control transmitter that form no part of the claimed design.
