(57) **CLAIM**

The ornamental design for a strap arrangement, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the strap arrangement showing features of my new design, in which portions of the shoe are illustrated as a first environment; FIG. 2 is a side view of FIG. 1; FIG. 3 is a rear view of FIG. 1; FIG. 4 is a front view of FIG. 1; FIG. 5 is a front view of FIG. 1, in which portions of the shoe now illustrate a second environment for my new design; FIG. 6 is a front view of FIG. 1, in which portions of the shoe now illustrate a third environment for my new design; and, FIG. 7 is a side view of FIG. 1, in which portions of the shoe now illustrate a fourth environment for my new design.

The dash-dot-dash broken lines define boundaries of the claimed design and form no part thereof. Meanwhile, the broken lines (dash-dash-dash) illustrate environmental structure and form no part of the claimed design.

A shoe lace of the claimed strap arrangement is shown broken away, in part, in FIGS. 1, 2 and 4 through 7, it being understood that the shoe lace has a uniform shape and appearance throughout its length. The appearance of any portion of the article between the break lines forms no part of the claimed design.
