(57) **CLAIM**

The design for a portable alternating pressure pump, as shown and described herein.

DESCRIPTION

FIG. 1 is a perspective view of a top, back and right side of the portable alternating pressure pump showing the present design.

FIG. 2 is a perspective view of the top and the right side of the portable alternating pressure pump showing the present design.

FIG. 3 is a slight perspective view of the top and a front of the portable alternating pressure pump showing the present design.

FIG. 4 is a slight perspective view of a bottom and the front of the portable alternating pressure pump showing the present design.

FIG. 5 is a left side elevational view thereof; and,

FIG. 6 is a right side elevational view thereof.

The broken line showing of a hose in FIG. 2 is included for the purpose of illustrating environmental matter and forms no part of the claimed design.
