(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

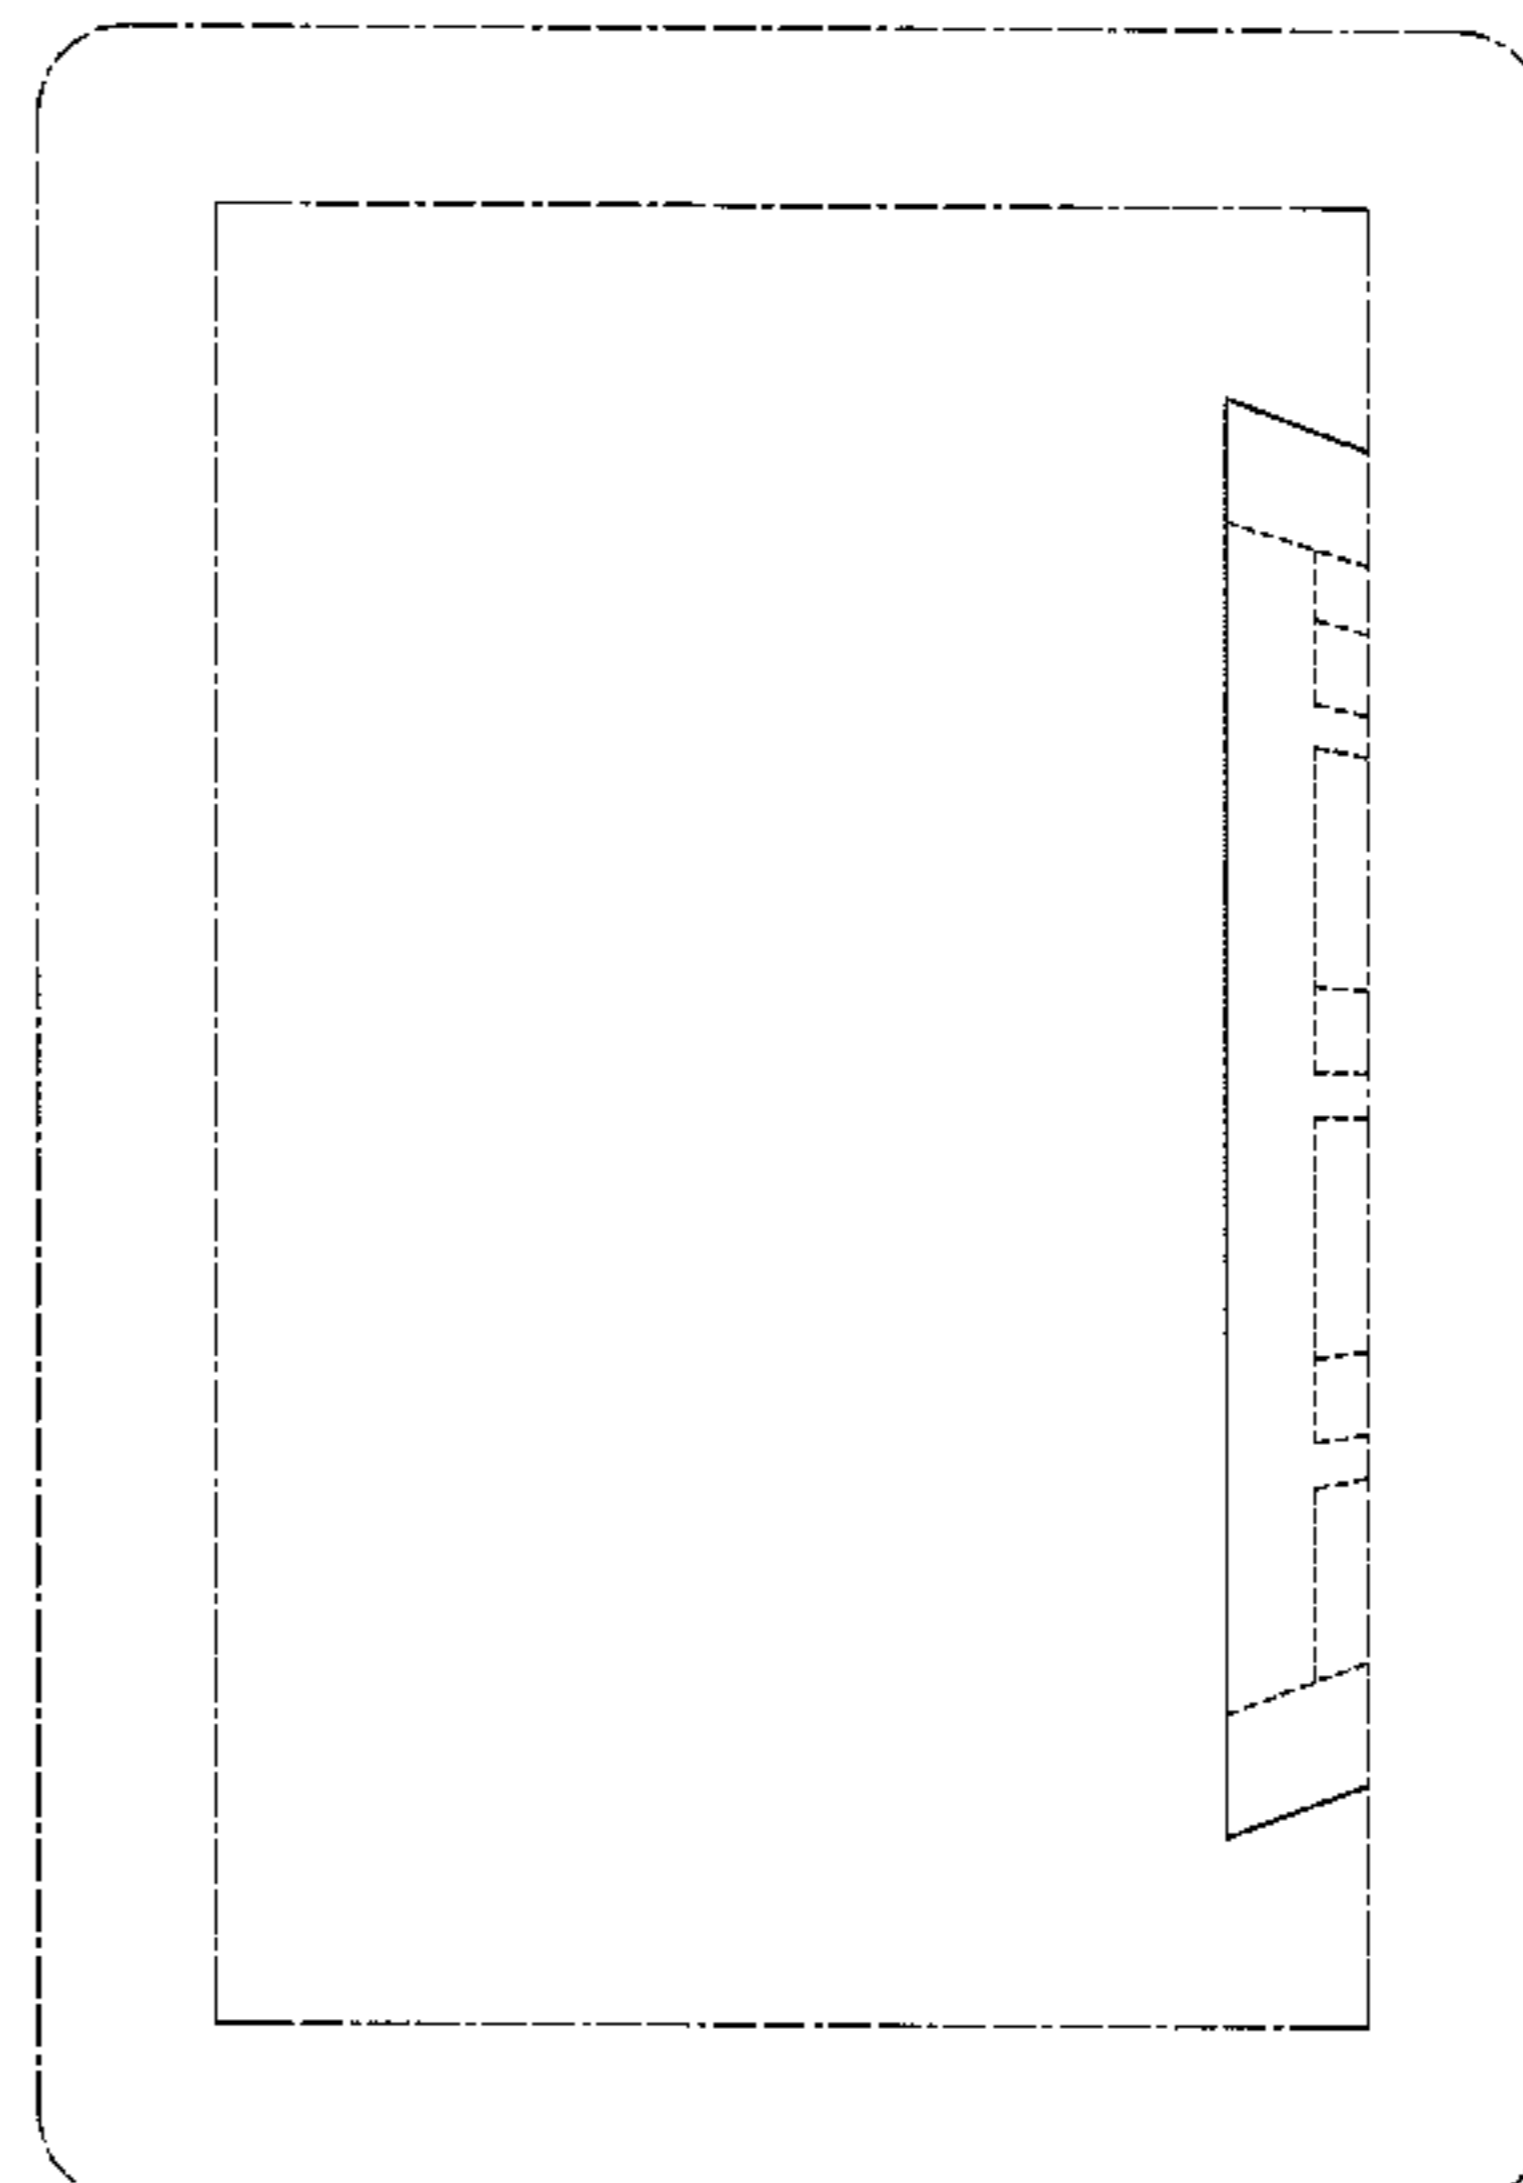

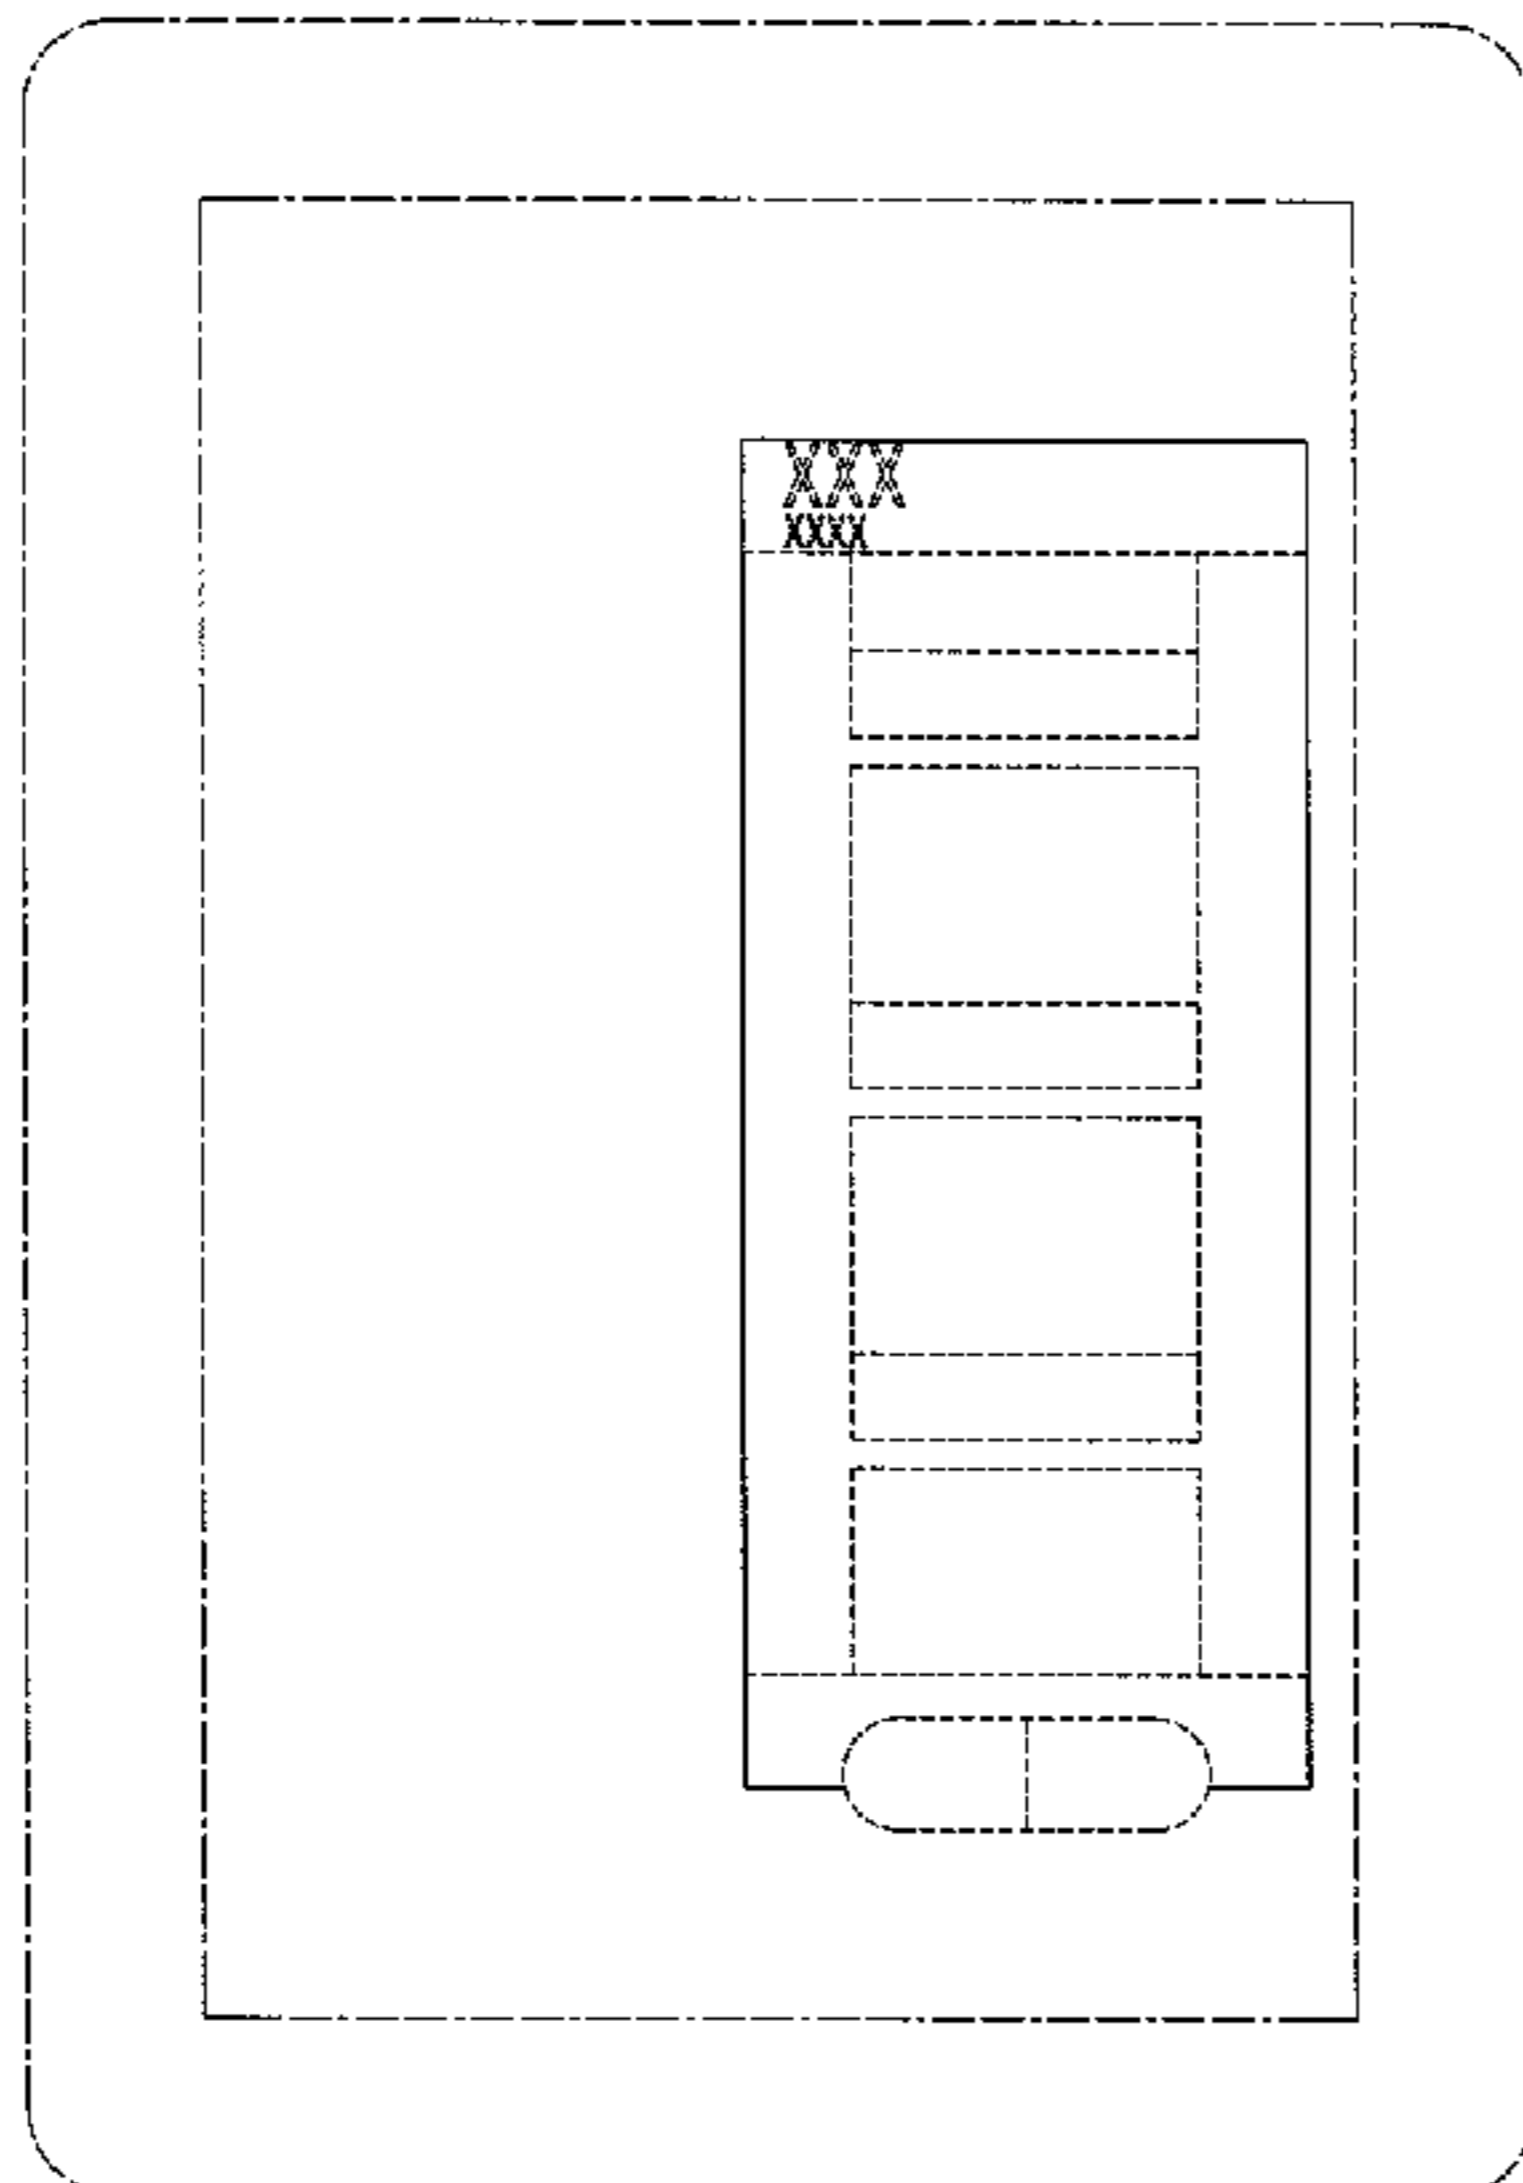

DESCRIPTION

FIG. 1 is a front view of the first image of a display screen with graphical user interface showing our new design; FIG. 2 is a front view of a second image thereof; FIG. 3 is a front view of a third image thereof; FIG. 4 is a front view of a fourth image thereof; and, FIG. 5 is a front view of a fifth image thereof.

The broken line drawing of a display screen in all views illustrates environment and forms no part of the claimed design. The broken line showing of the remainder of the graphical user interface forms no part of the claimed design. The broken line drawing of the letters "X" in all views forms no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another image forms no part of the claimed design.

1 Claim, 5 Drawing Sheets
