(57) **CLAIM**

The ornamental design for mobile phone display screen with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a first image in a sequence of images for a mobile phone display screen with icons in accordance with our new design;

FIG. 2 is a second image in the sequence;

FIG. 3 is a third image in the sequence;

FIG. 4 is a top view of the mobile phone; and,

FIG. 5 is a right-side elevation view of the mobile phone.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions to another image forms no part of the claimed design.

The broken lines showing the mobile phone are for environmental purposes and form no part of the claimed design. The broken lines shown on the mobile display screen with transitional graphical user interface represent portions of the design which form no part of the claimed design.
