(57) **CLAIM**

The ornamental design for a glucometer with a pedometer check screen graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front plan view of a glucometer with a pedometer check screen graphical user interface showing the new design in a first embodiment; and, FIG. 2 is a front plan view of the glucometer with a pedometer check screen graphical user interface in a second embodiment.

The broken lines shown in the drawings represent portions of the glucometer with a pedometer check screen graphical user interface that forms no part of the claimed design.
