DESCRIPTION

FIG. 1 is a front view of the first image in the sequence for a computing device having a display screen with an animated graphical user interface, showing the new design; and, FIG. 2 is the second image thereof.

The three outer broken lines, the upper circle and the lower lozenge shape represent a computing device having a display screen and form no part of the claim. All other broken lines are included for illustrative purposes only and form no part of the claim. The appearance of the claim sequentially transitions between the images shown FIGS. 1 and 2. The process or period in which an image changes into another image forms no part of the claimed design.
