FIG. 1 is a perspective view showing my new design of a
container having the shape of a duck call in the open position;
FIG. 2 is a perspective view of a container having the shape of
a duck call in the partially closed position;

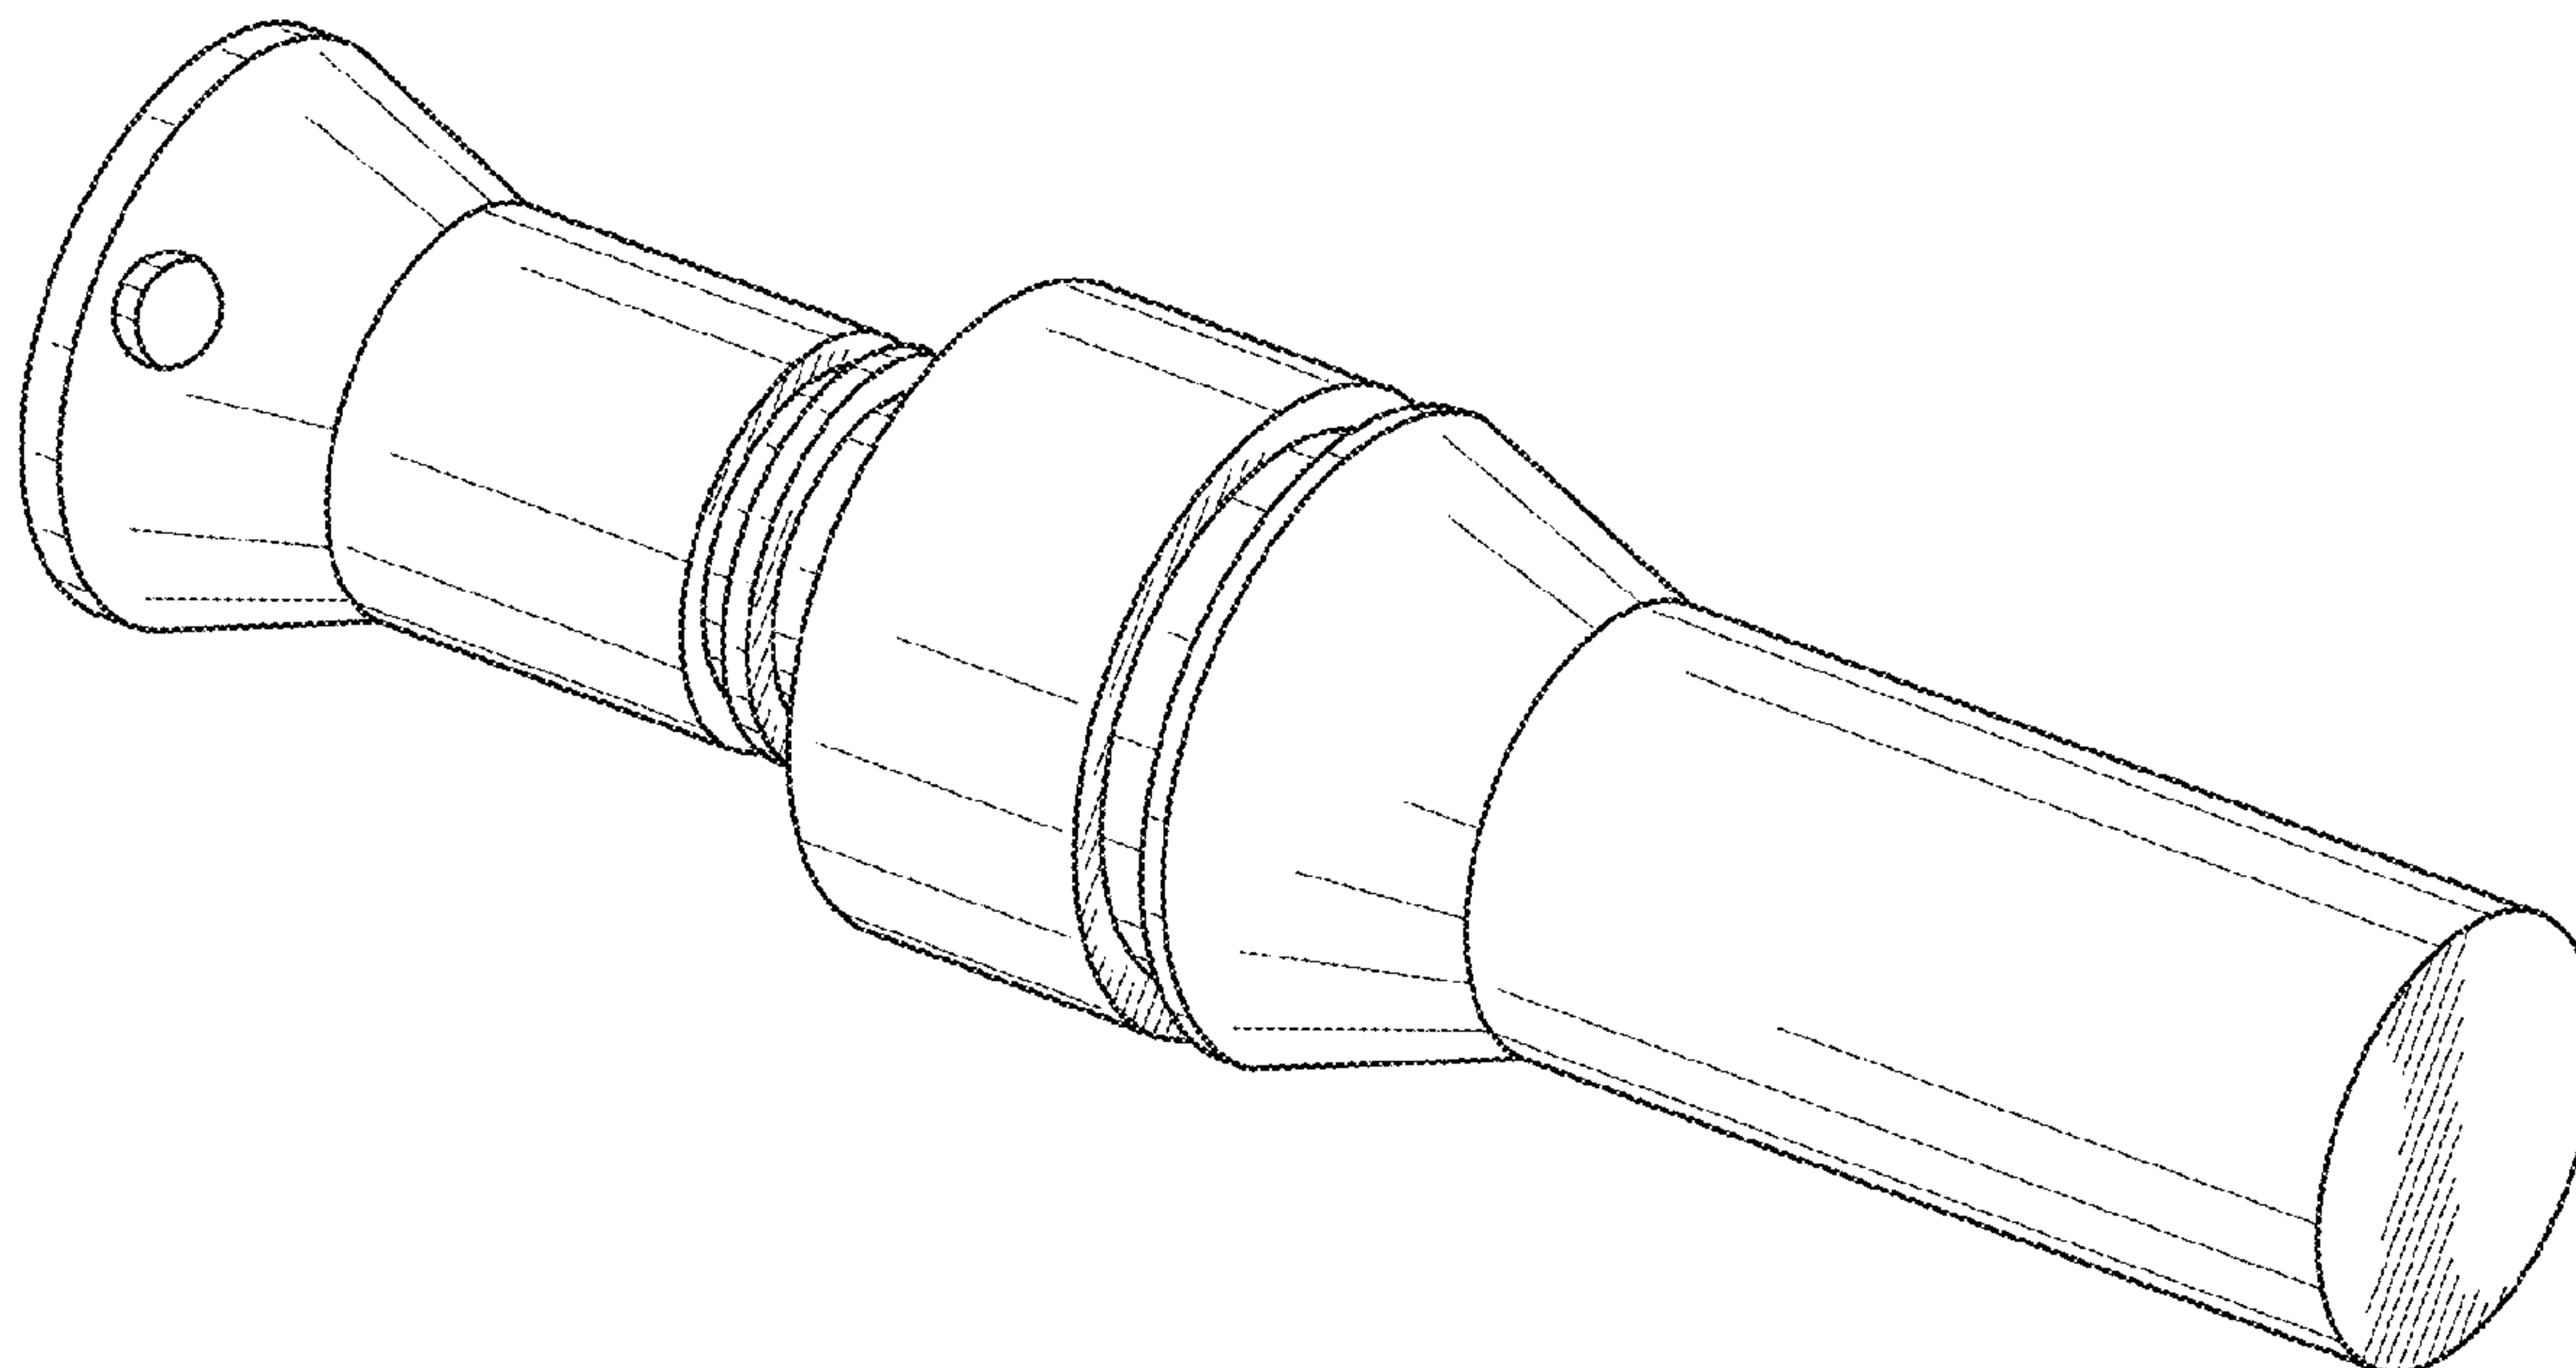

FIG. 3 is an elevation view of the receptacle end of the
container having the shape of a duck call, the opposite side
being a mirror image thereof; and,

FIG. 4 is an elevation view of the cap end of the container
having the shape of a duck call, the opposite side being a
mirror image thereof.

The broken line showing is for illustrative purposes only, and
forms no part of the claimed design.

The views of the container having the shape of a duck call that
are not shown form no part of the claimed design.
