(57) **CLAIM**

The ornamental design for a display screen with animated user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the reproduction of the patent document or the patent disclosure, as it appears in the U.S. Patent Office records, but reserves all other copyright rights whatsoever.

FIG. 1 is the first image of a sequence for a display screen with animated user interface showing our new design; and, FIG. 2 is the second image thereof.

The appearance of the animated user interface sequentially transitions between the images shown in FIGS. 1-2. The process or period in which one image transitions to another forms no part of the claimed design. The broken lines shown in the figures illustrate the display screen and form no part of the claimed design.
