Primary Examiner — Robert Delehanty

(57) **CLAIM**

I claim the women's portable urinal, as described and shown.

DESCRIPTION

FIG. 1 is a top, front and side perspective view showing my new design for a women's portable urinal;
 FIG. 2 is a top plan view thereof;
 FIG. 3 is a front elevation view thereof;
 FIG. 4 is a side elevation view, the opposite side being a mirror image thereof; and,
 FIG. 5 is an internal top and side perspective view showing the lid portion removed for clarity of illustration.
 The women's portable urinal is a unique design to allow women primarily, urinate when in a car or in a place where there is no restroom available. It is designed for easy use and will not spill liquid and is easy to empty.
