(57) **CLAIM**  
The ornamental design for a confection container, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a two-part confection container according to the present invention;  
 FIG. 2 is an exploded perspective view of the confection container of FIG. 1 with the inner container portion separated from the outer container portion;  
 FIG. 3 is a perspective view of the confection container of FIG. 1 with the inner container portion partially withdrawn from the outer container portion;  
 FIG. 4 is a perspective view of the confection container of FIG. 4 rotated approximately 90 degrees counterclockwise;  
 FIG. 5 is a perspective view of the confection container of FIG. 4 rotated approximately 90 degrees clockwise; and,  
 FIG. 6 is a perspective view of the confection container of FIG. 4 rotated approximately 180 degrees and with the inner container portion in another partially withdrawn position with respect to the outer container portion.
