(57) **CLAIM**

The ornamental design for a rotary hub for vehicle wash component, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a rotary hub for a vehicle wash component according to an aspect of the disclosure; FIG. 2 is a side view of a rotary hub for a vehicle wash component according to an aspect of the disclosure; and, FIG. 3 is an endview of a rotary hub for a vehicle wash component according to an aspect of the disclosure. The broken phantom lines depict unclaimed subject matter only and form no part of the claimed design. The end views are mirror images of one another.
