See application file for complete search history.

(57) **CLAIM**

The ornamental design for a seating unit with base, as shown and described.

**DESCRIPTION**

FIG. 1 is top, side, right perspective view of the combined seating unit with base embodying our new design.

FIG. 2 is a front view of the combined seating unit with base thereof.

FIG. 3 is a rear view of the combined seating unit with base thereof.

FIG. 4 is a right side view of the combined seating unit with base thereof.

FIG. 5 is a left side view of the combined seating unit with base thereof.

FIG. 6 is a top plan view of the bottom side of the combined seating unit with base thereof.

FIG. 7 is a bottom view of the bottom side of the combined seating unit with base thereof; and,

FIG. 8 is an exploded top, side right perspective assembly view of the combined seating unit with base thereof.

The broken line representations in the figures show unclaimed environment, and thus form no part of the claimed design.

The nature of this product is a combined base and seating unit for supporting a human in a seated position.
