(57) **CLAIM**

The ornamental design for a wristband configured for displaying multimedia content, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a wristband configured for displaying multimedia content showing my new design;

FIG. 2 is a bottom perspective view of the wristband configured for displaying multimedia content.

FIG. 3 is a front view of the wristband configured for displaying multimedia content.

FIG. 4 is a rear view of the wristband configured for displaying multimedia content.

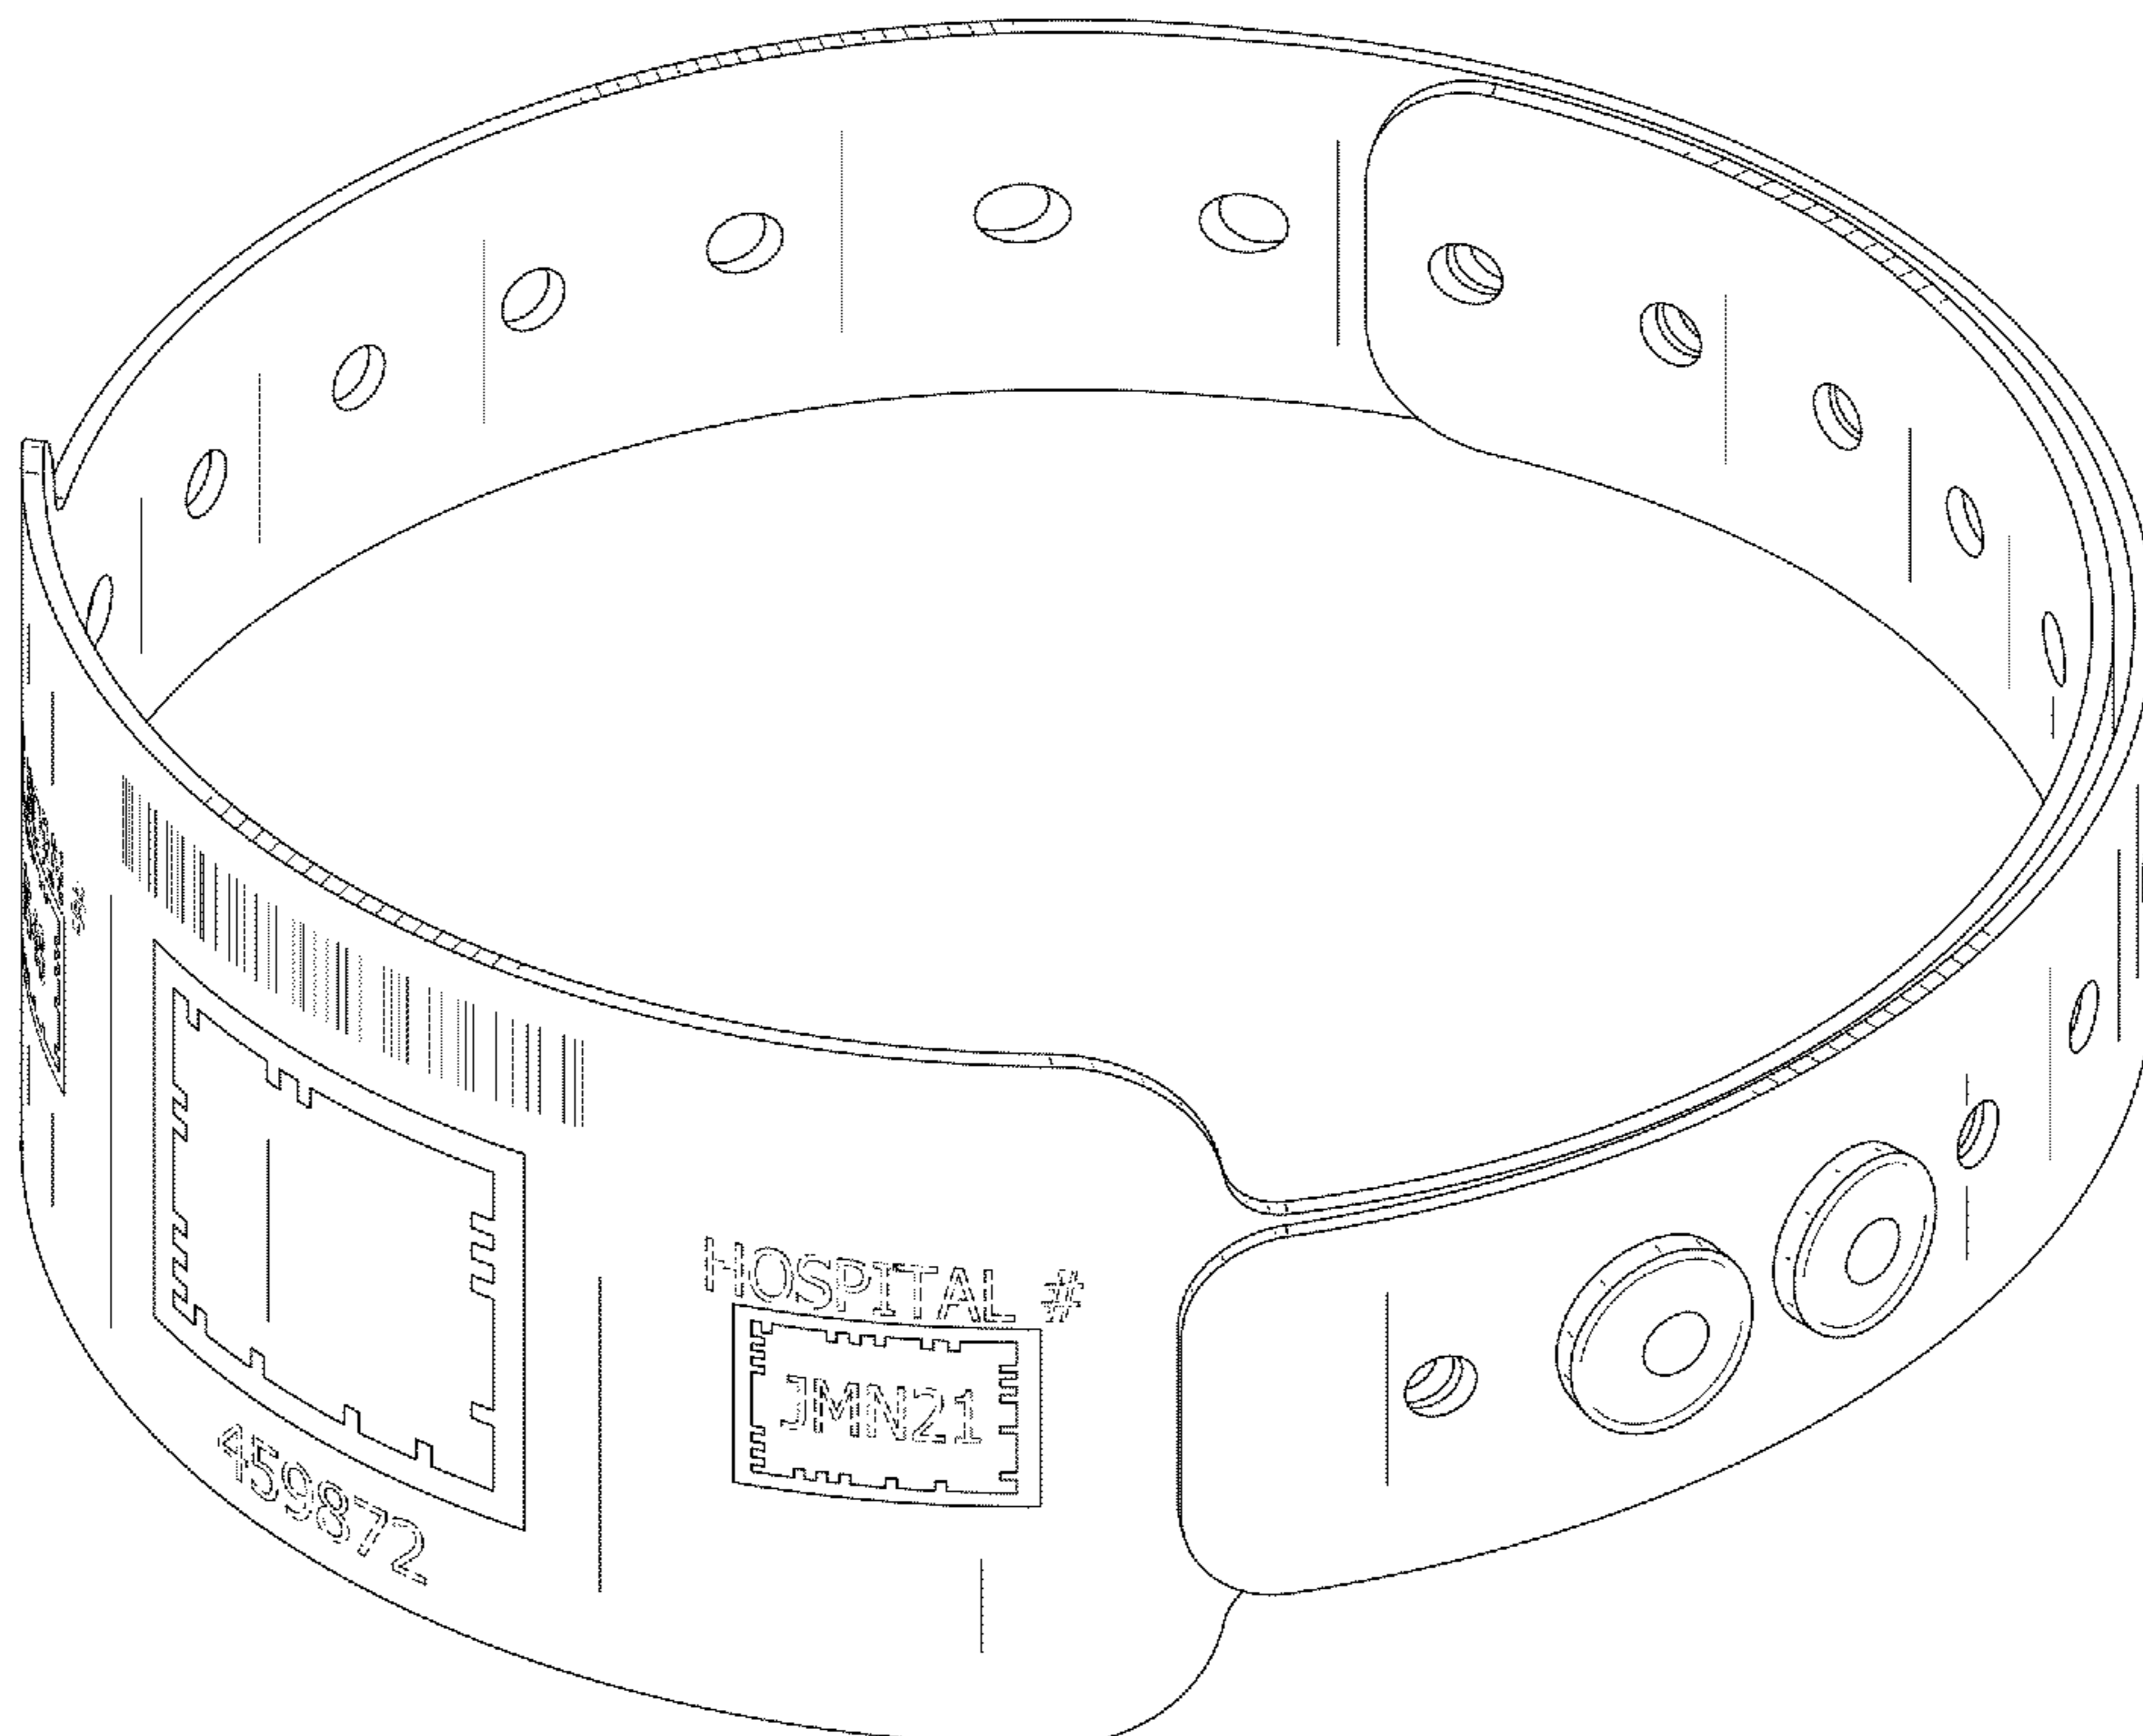

FIG. 5 is a right side view of the wristband configured for displaying multimedia content.

FIG. 6 is a left side view of the wristband configured for displaying multimedia content; and,

FIG. 7 is a top elevation view of the wristband configured for displaying multimedia content.

The broken lines shown in the drawings illustrate portions of the wristband configured for displaying multimedia content that form no part of the claimed design.
