(57) **CLAIM**  
The ornamental design for a pair of boots with receptacle for interchangeable inserts, as shown and described.

**DESCRIPTION**

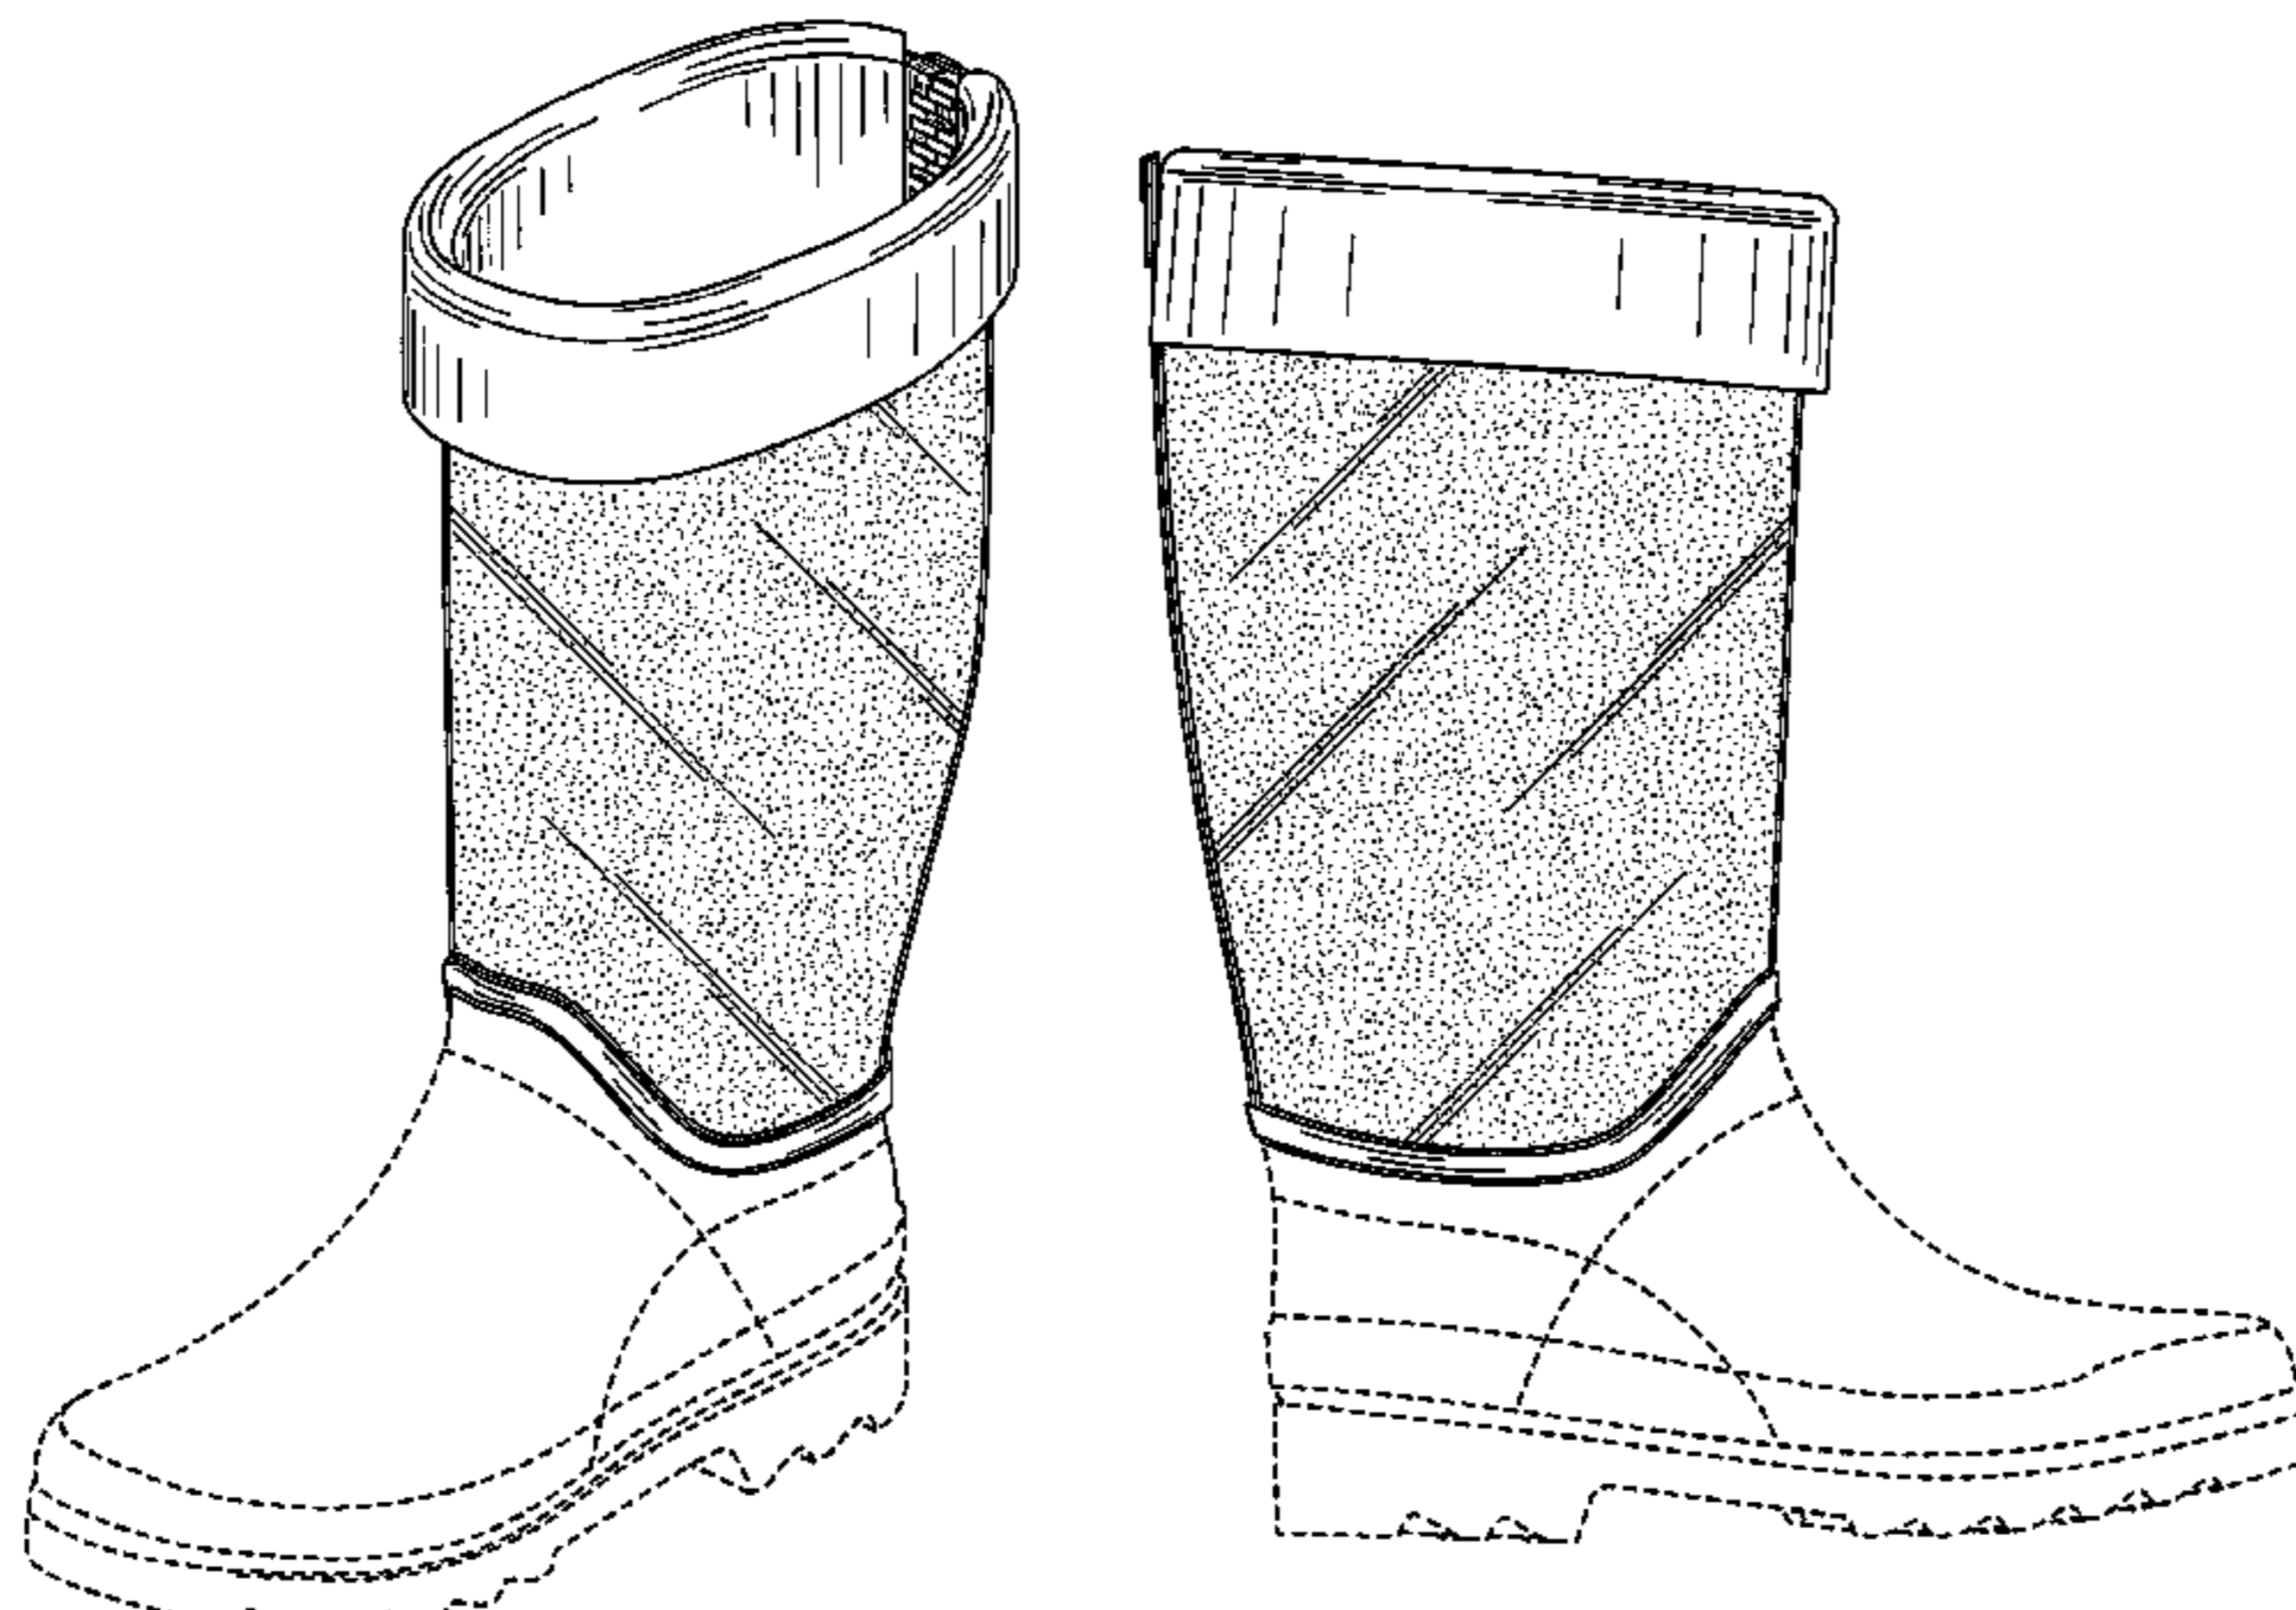

FIG. 1: front perspective view, cuff down, removable insert in place  
 FIG. 2: left side orthogonal view, cuff down, removable insert in place  
 FIG. 3: right side orthogonal view, cuff down, removable insert in place  
 FIG. 4: front orthogonal view, cuff down, removable insert in place  
 FIG. 5: rear orthogonal view, cuff down, removable insert in place  
 FIG. 6: top side view, cuff down, removable insert in place  
 FIG. 7: bottom side view, cuff down, removable insert in place  
 FIG. 8: front perspective view, cuff up, with removable insert removed  
 FIG. 9: front orthogonal view, cuff up, with removable insert removed; and,  
 FIG. 10: rear orthogonal view, cuff up, with removable insert removed.

The figures depict the left side boot only. The right side boot has the identical design as the left boot and the claim is directed towards the design as applied to both the right and left boots.

The broken lines showing the remainder of the boot and removable inserts are unclaimed environment and form no part of the claim.

The design of the boot is characterized by a receptacle in the shaft or throat of the boot where removable inserts can be inserted or removed. A cuff around the top of the boot can be folded down to cover the receptacle and inserts.

**1 Claim, 8 Drawing Sheets**
