(57) **CLAIM**

The ornamental design for a connector assembly, as shown and described.

DESCRIPTION

FIG. 1 is a top, right side, and front perspective view of a connector assembly showing my new design;
FIG. 2 is a top plan view of FIG. 1.
FIG. 3 is a front elevation view of FIG. 1.
FIG. 4 is a rear elevation view of FIG. 1.
FIG. 5 is a bottom plan view of FIG. 1.
FIG. 6 is a right side elevation view of FIG. 1; and,
FIG. 7 is a left side elevation view of FIG. 1.

The surfaces are lined for contour only and no claim is made to any particular surface texture. The broken lines shown in the figures that are immediately adjacent to the shaded areas and define edges or regions that are unshaded, represent the bounds of the claim, while all other broken lines are directed to portions of the connector assembly that do not form a part of the claimed design. The broken lines form no part of the claimed design.
