(57) **CLAIM**

The ornamental design for a portion of a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a first image of a first embodiment of a portion of a display screen with animated graphical user interface showing our new design; FIG. 2 is a front view of a second image thereof; FIG. 3 is a front view of a third image thereof; FIG. 4 is a front view of a fourth image thereof; FIG. 5 is a front view of a fifth image thereof; FIG. 6 is a front view of a first image of a second embodiment of a portion of a display screen with animated graphical user interface showing our new design; FIG. 7 is a front view of a second image thereof; and, FIG. 8 is a front view of a third image thereof.

In the first embodiment, the appearance of the transitional image sequentially transitions between the images shown in FIGS. 1 through 5. In the second embodiment, the appearance of the transitional image sequentially transitions between the images shown in FIGS. 6 through 8. The process or period in which one image transitions to another image forms no part of the claimed design. The broken line showing of a portion of a display screen in FIGS. 1 through 8 forms no part of the claimed design. The broken line showing of text and portions of the graphical user interface in FIGS. 1 through 8 represents environmental subject matter and forms no part of the claimed design.

1 Claim, 8 Drawing Sheets
