(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is the first image in a sequence for a display screen with animated graphical user interface showing the new design; FIG. 2 is the second image thereof; FIG. 3 is the third image thereof; FIG. 4 is the fourth image thereof; FIG. 5 is the fifth image thereof; FIG. 6 is the sixth image thereof; FIG. 7 is the seventh image thereof; and, FIG. 8 is the eighth image thereof.

The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-8. The process or period in which one image transitions to another forms no part of the claimed design. The broken line showing of the tablet device is for the purpose of illustrating environmental structure and forms no part of the claimed design. Additionally, the broken line showing two stylized humanoid figures, all text, four encircled icons, and the display screen are for the purposes of illustrating portions of the display screen with animated graphical user interface and also form no part of claimed design.

1 Claim, 8 Drawing Sheets
