The ornamental design for a display screen or portion thereof with icon, as shown and described.

DESCRIPTION

See application file for complete search history.

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or portion thereof with icon showing our new design;

FIG. 2 is a front view of a second embodiment thereof; and, FIG. 3 is a front view of a third embodiment thereof.

The broken line representation of the display screen or portion thereof forms no part of the claimed design.

Example devices having display screens on which the various icons of the claimed design may be provided include one or more of computers, tablets, smart phones, control interfaces, gauges and measurement instruments. The various icons of the claimed design are not limited to the placement on a display screen or portion thereof as shown in the figures.
