(57) **CLAIM**

The ornamental design for luminous unit, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the luminous unit in accordance with an embodiment of the present invention; FIG. 2 is a front view of the luminous unit thereof, the front view and the rear view being mirror images of each other; FIG. 3 is a bottom view of the luminous unit thereof; FIG. 4 is a right-side view of the luminous unit thereof; FIG. 5 is a left-side view of the luminous unit thereof; and, FIG. 6 is a top view of the luminous unit thereof. The broken lines depict environmental subject matter only and form no part of the claimed design.
