(57) **CLAIM**

The ornamental design for remote control entertainment toy truck, as shown and described.

DESCRIPTION

FIG. 1 is a side elevation view of a remote control entertainment toy truck, embodying my new design, shown with the cover in a closed position;
FIG. 2 is an alternate elevation view thereof, showing the same side seen in FIG. 1 with the cover removed;
FIG. 3 is an additional alternate elevational view thereof, showing the same side seen in FIG. 1 with the cover removed and the speakers in an alternate position outside the toy truck body;
FIG. 4 is a top, front and side perspective view thereof, showing the opposite side of that seen in FIGS. 1-3;
FIG. 5 is a side elevation view of FIG. 4;
FIG. 6 is an alternate top, front and side perspective view thereof, showing the side seen in FIGS. 1-3, with the cover in an alternate position; and,
FIG. 7 is a top plan view thereof, shown with the cover closed. The broken lines shown are included for purposes of illustrating portions of the remote control entertainment toy truck that form no part of the claim.
