(57) **CLAIM**

The ornamental design for a speaker, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a speaker, showing our new design;  
FIG. 2 is a front elevational view thereof;  
FIG. 3 is a right side elevational view thereof;  
FIG. 4 is a left side elevational view thereof;  
FIG. 5 is a top plan view thereof; and,  
FIG. 6 is a bottom plan view thereof.

The submitted drawings show some additional solid lines on the speaker; some of these solid lines are not meant to convey actual solidly drawn lines, such as actual surface markings or ornamentation, on the speaker. As is generally recognized by persons skilled in the art of preparing digital drawings, such solid lines are meant to convey the boundaries for curved surfaces on the speaker.

The broken lines shown are included for the purpose of illustrating portions of the speaker that form no part of the claim. JAWBONE is a registered trademark of AliphCom dba Jawbone and does not form part of the claimed design.
