(57) **CLAIM**

The ornamental design for an amphibious sport aircraft landing gear viewing mirror, as shown and described.

DESCRIPTION

The present application relates to commonly assigned U.S. patent application Ser. No. 29/460.782 filed Jul. 15, 2013, entitled Amphibious Sport Aircraft.

FIG. 1 is a top, right front perspective view of an amphibious sport aircraft landing gear viewing mirror showing our new design;

FIG. 2 is a top, left front perspective view of the encircled area in FIG. 1; and,

FIG. 3 is a front elevational view of FIG. 2.

The two interior portions of the amphibious sport aircraft landing gear viewing mirror include mirrored surfaces orientated to permit viewing of a reflective image of the landing gear from the cockpit. The portions of the aircraft shown in broken lines have been shown to illustrate environment that forms no part of the claimed design.
