(57) **CLAIM**

The ornamental design for personal massager, as shown and
described.

DESCRIPTION

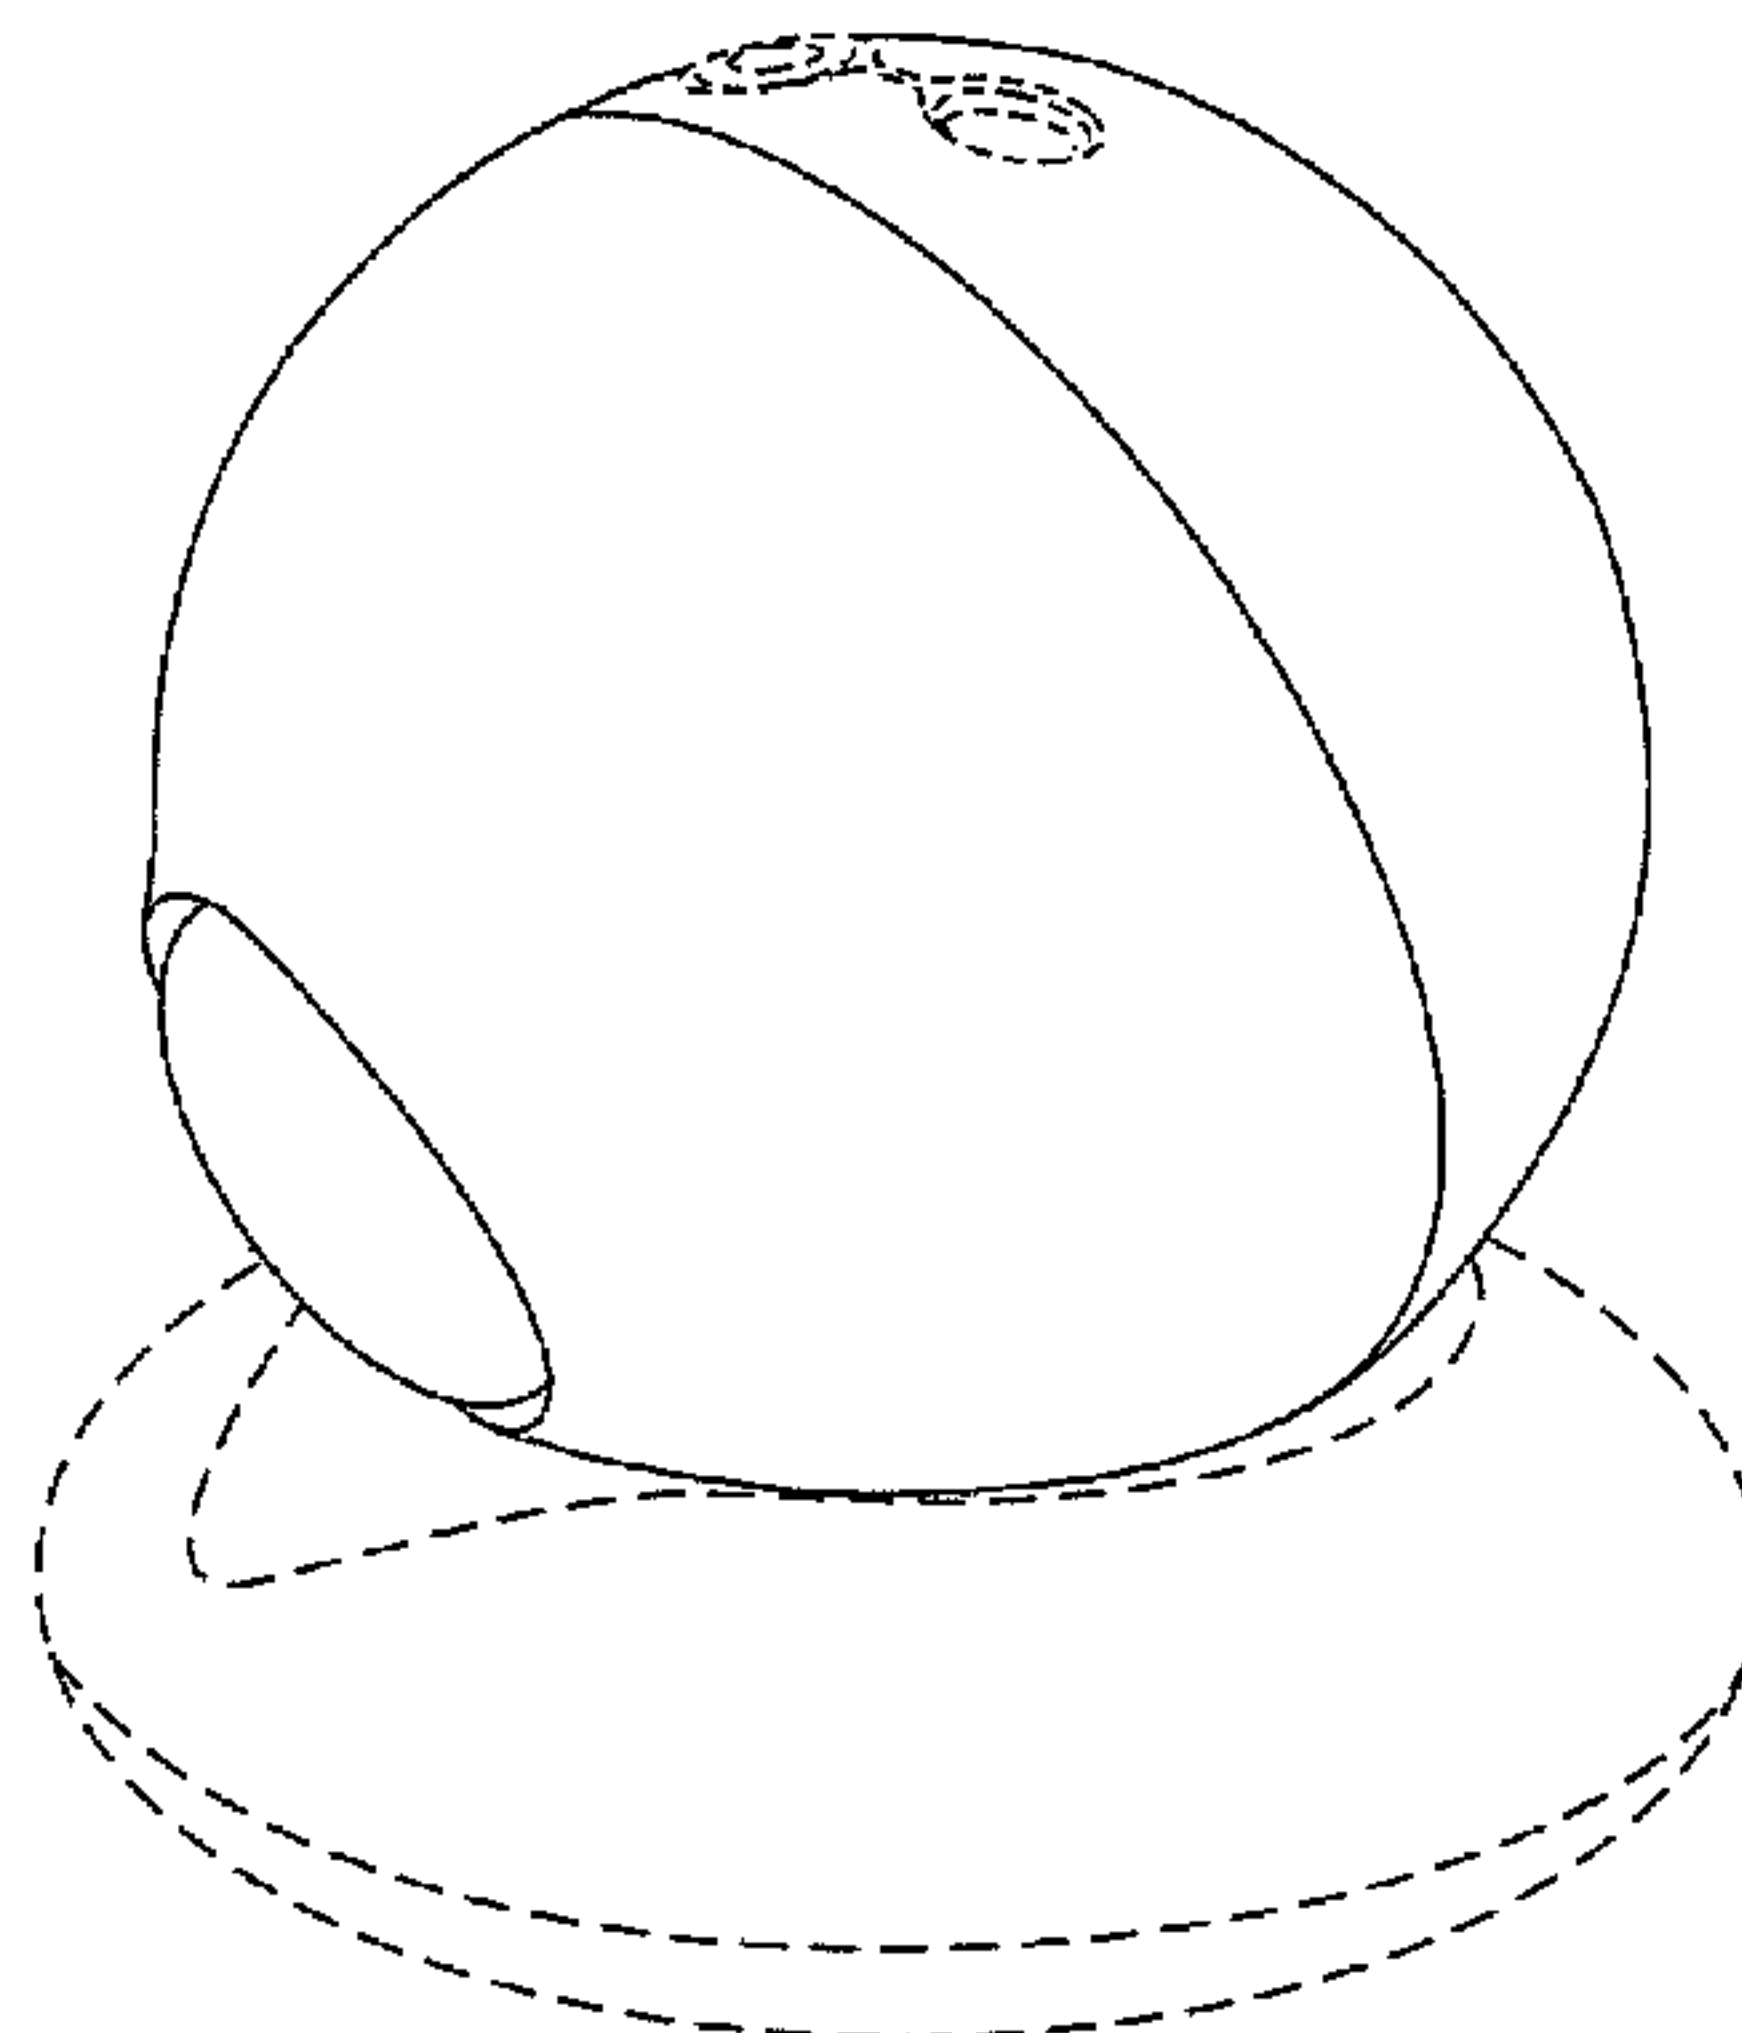

FIG. 1 is a perspective view of a personal massager, mounted
to a stand, shown in dashed lines, with the rounded top of a
piston revealed through a front piston aperture, in accordance
with the present design.

FIG. 2 is a view of the personal massager shown in FIG. 1
from behind, showing the bottom of the piston revealed
through a back piston aperture.

FIG. 3 is a view of the personal massager shown in FIG. 1,
with the front piston aperture at the top of the personal mas-
sager and the piston extended upward from the front piston
aperture; and,

FIG. 4 shows the piston removed from the personal massager.
The broken lines showing of the stand, partial cord and button
elements are for illustrative purposes only and form no part of
the claimed design. The shade lines shown on the personal
massager from behind in FIG. 2 represent contour lines and
not surface ornamentation.
