(57) **CLAIM**

The ornamental design for a computing device including a computer-generated feature set for providing collaborative resources, as shown and described.

DESCRIPTION

The FIGURE is a front view of a computing device including a computer-generated feature set for providing collaborative resources showing my new design.

The perimeters of the portion of the underlying portion of the computing device including a computer-generated feature set for providing collaborative resources are understood to be flush, shown in broken lines and form no part of the claim.
