(57) **CLAIM**
The ornamental design for a compression and tourniquet band, as shown and described.

DESCRIPTION

This application claims the benefit of U.S. Patent application No. 12/322,413, filed on Feb. 2, 2009, which is incorporated herein in its entirety by reference.

FIG. 1 is a perspective view for a compression and tourniquet band showing my new design as set forth in the following specification;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a top edge view thereof with the bottom edge view being identical; and,

FIG. 5 is a right side edge view thereof with the left side edge view being identical.

The broken away portion indicates that a specific length of the compression and tourniquet band is not claimed, and the broken lines represent an unclaimed portion and thickness of the compression and tourniquet band.

1 Claim, 3 Drawing Sheets
