(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

The FIGURE is a front view of a user interface, for use with, for example, a building management system, as may be displayed on a display screen of a communications terminal. The ornamental design which is claimed is shown in solid lines in the drawings. The broken lines in the drawings illustrate a display screen, text, and portions of the graphical user interface and form no part of the claimed design. The particular text of the user interfaces is intended to be shown in broken lines and unclaimed.
