(57) **CLAIM**

We claim, the ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a first image in a sequence of a front elevation view of a display screen or portion thereof with an animated graphical user interface showing our new design in an exemplary embodiment;

FIG. 2 is a second image thereof;

FIG. 3 is a third image thereof; and,

FIG. 4 is a fourth image thereof.

The appearance of the animated user interface sequentially transitions between the images shown in FIGS. 1-4. The process or period in which one image transitions to another forms no part of the claimed design. The broken or dashed lines showing the display screen are for environmental purposes only and form no part of the claimed design. It should be appreciated that at least a portion of the display screen is shown inside the broken or dashed lines. In addition, any other broken or dashed lines such as but not limited to those showing the alphanumeric characters and symbols in FIGS. 1-4 are for environmental purposes only and forms no part of the claimed design.
