(57) **CLAIM**

The ornamental design for a computing device with computer-generated information panel interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a computing device with computer-generated information panel interface including dynamically adjustable content, under a first embodiment; and, FIG. 2 is a front view of a computing device with computer-generated information panel interface including dynamically adjustable content, under a second embodiment.

The broken lines shown in the drawings are for the purpose of illustrating a display screen of a computing device, text, and other images, and form no part of the claimed design.

1 Claim, 2 Drawing Sheets
