FIG. 1 is a perspective view of a handle of a sample collection assistance device;
FIG. 2 is a front view of the handle of a sample collection assistance device of FIG. 1;
FIG. 3 is a rear view of the handle of a sample collection assistance device of FIG. 1;
FIG. 4 is a first side view of the handle of a sample collection assistance device of FIG. 1;
FIG. 5 is a second side view of the handle of a sample collection assistance device of FIG. 1;
FIG. 6 is a top view of the handle of a sample collection assistance device of FIG. 1; and,
FIG. 7 is a bottom view of the handle of a sample collection assistance device of FIG. 1.

The handle of a sample collection assistance device is shown with a symbolic break in its length. The appearance of any portion of the article between the break lines forms no part of the claimed design.

The broken lines shown in FIGS. 1-7 illustrate portions of the handle of a sample collection assistance device that form no part of the claimed design.

1 Claim, 5 Drawing Sheets
