(57) **CLAIM**

I claim the ornamental design for a medical tape for preventing blisters, as shown.

**DESCRIPTION**

FIG. 1 is a top view of the first embodiment of a medical tape for preventing blisters;

FIG. 2 is a bottom view of the medical tape for preventing blisters of the first embodiment according to the present invention;

FIG. 3 is a perspective view of the medical tape for preventing blisters of the first embodiment according to the present invention;

FIG. 4 is an end view of the medical tape for preventing blisters of the first embodiment according to the present invention;

FIG. 5 is an end view of the medical tape for preventing blisters of the first embodiment according to the present invention;

FIG. 6 is a top view of a second embodiment of a medical tape for preventing blisters;

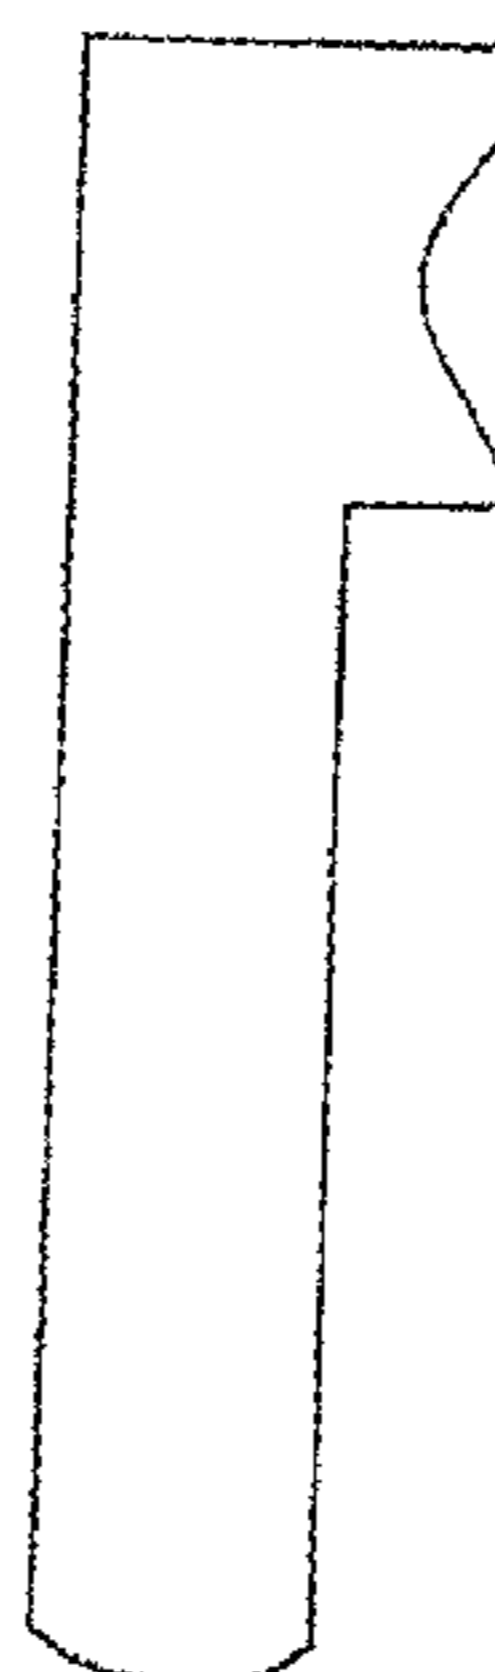

FIG. 7 is a bottom view of the medical tape for preventing blisters of the second embodiment according to the present invention;

FIG. 8 is a perspective view of the medical tape for preventing blisters of the second embodiment according to the present invention;

FIG. 9 is a side view of the medical tape for preventing blisters of the second embodiment according to the present invention; and,

FIG. 10 is a side view of the medical tape for preventing blisters of the second embodiment according to the present invention.
