(57) **CLAIM**

I claim the ornamental design for a wine rack, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a wine rack according to an embodiment of the claimed design;

FIG. 2 is a front elevational view of the wine rack of FIG. 1; FIG. 3 is a left side elevational view of the wine rack of FIG. 1;

FIG. 4 is a top plan view of the wine rack of FIG. 1; FIG. 5 is a perspective view of the wine rack of FIG. 1; FIG. 6 is a perspective view of a wine rack according to an alternative embodiment of the claimed design; FIG. 7 is a front elevational view of the wine rack of FIG. 6; FIG. 8 is a left side elevational view of the wine rack of FIG. 6;

FIG. 9 is a top plan view of the wine rack of FIG. 6; FIG. 10 is a perspective view of the wine rack of FIG. 6; FIG. 11 is a front elevational view of a wine rack according to another alternative embodiment of the claimed design; FIG. 12 is a left side elevational view of the wine rack of FIG. 11;

FIG. 13 is a top plan view of the wine rack of FIG. 11; FIG. 14 is a perspective view of a wine rack according to yet another alternative embodiment of the claimed design; FIG. 15 is a front elevational view of the wine rack of FIG. 14; FIG. 16 is a left side elevational view of the wine rack of FIG. 14;

FIG. 17 is a top plan view of the wine rack of FIG. 14; FIG. 18 is a perspective view of a wine rack according to yet another alternative embodiment of the claimed design; FIG. 19 is a front elevational view of the wine rack of FIG. 18; FIG. 20 is a left side elevational view of the wine rack of FIG. 18;

FIG. 21 is a top plan view of the wine rack of FIG. 18; FIG. 22 is a perspective view of a wine rack according to yet another alternative embodiment of the claimed design; FIG. 23 is a front elevational view of the wine rack of FIG. 22; FIG. 24 is a left side elevational view of the wine rack of FIG. 22; and,

FIG. 25 is a top plan view of the wine rack of FIG. 22.

The stippling and shading lines shown in the drawings represent the approximate three-dimensional contour of the design, and are not intended to indicate surface decoration. The right side elevational view of each embodiment of the design is a mirror image of the left side elevational view of that embodiment, so the right side view has been omitted. The bottom plan view of each embodiment of the design is identical to the top plan view of that embodiment, so the bottom plan view has been omitted. The broken lines shown in the figures represent portions of article that form no part of the claimed design. Portions of the wine rack that are not shown in the drawings form no part of the claimed design.

1 Claim, 19 Drawing Sheets
