(57) **CLAIM**

The ornamental design for an interface for an alphanumeric user activated component, keypad, or keyboard, as shown and described.

**DESCRIPTION**

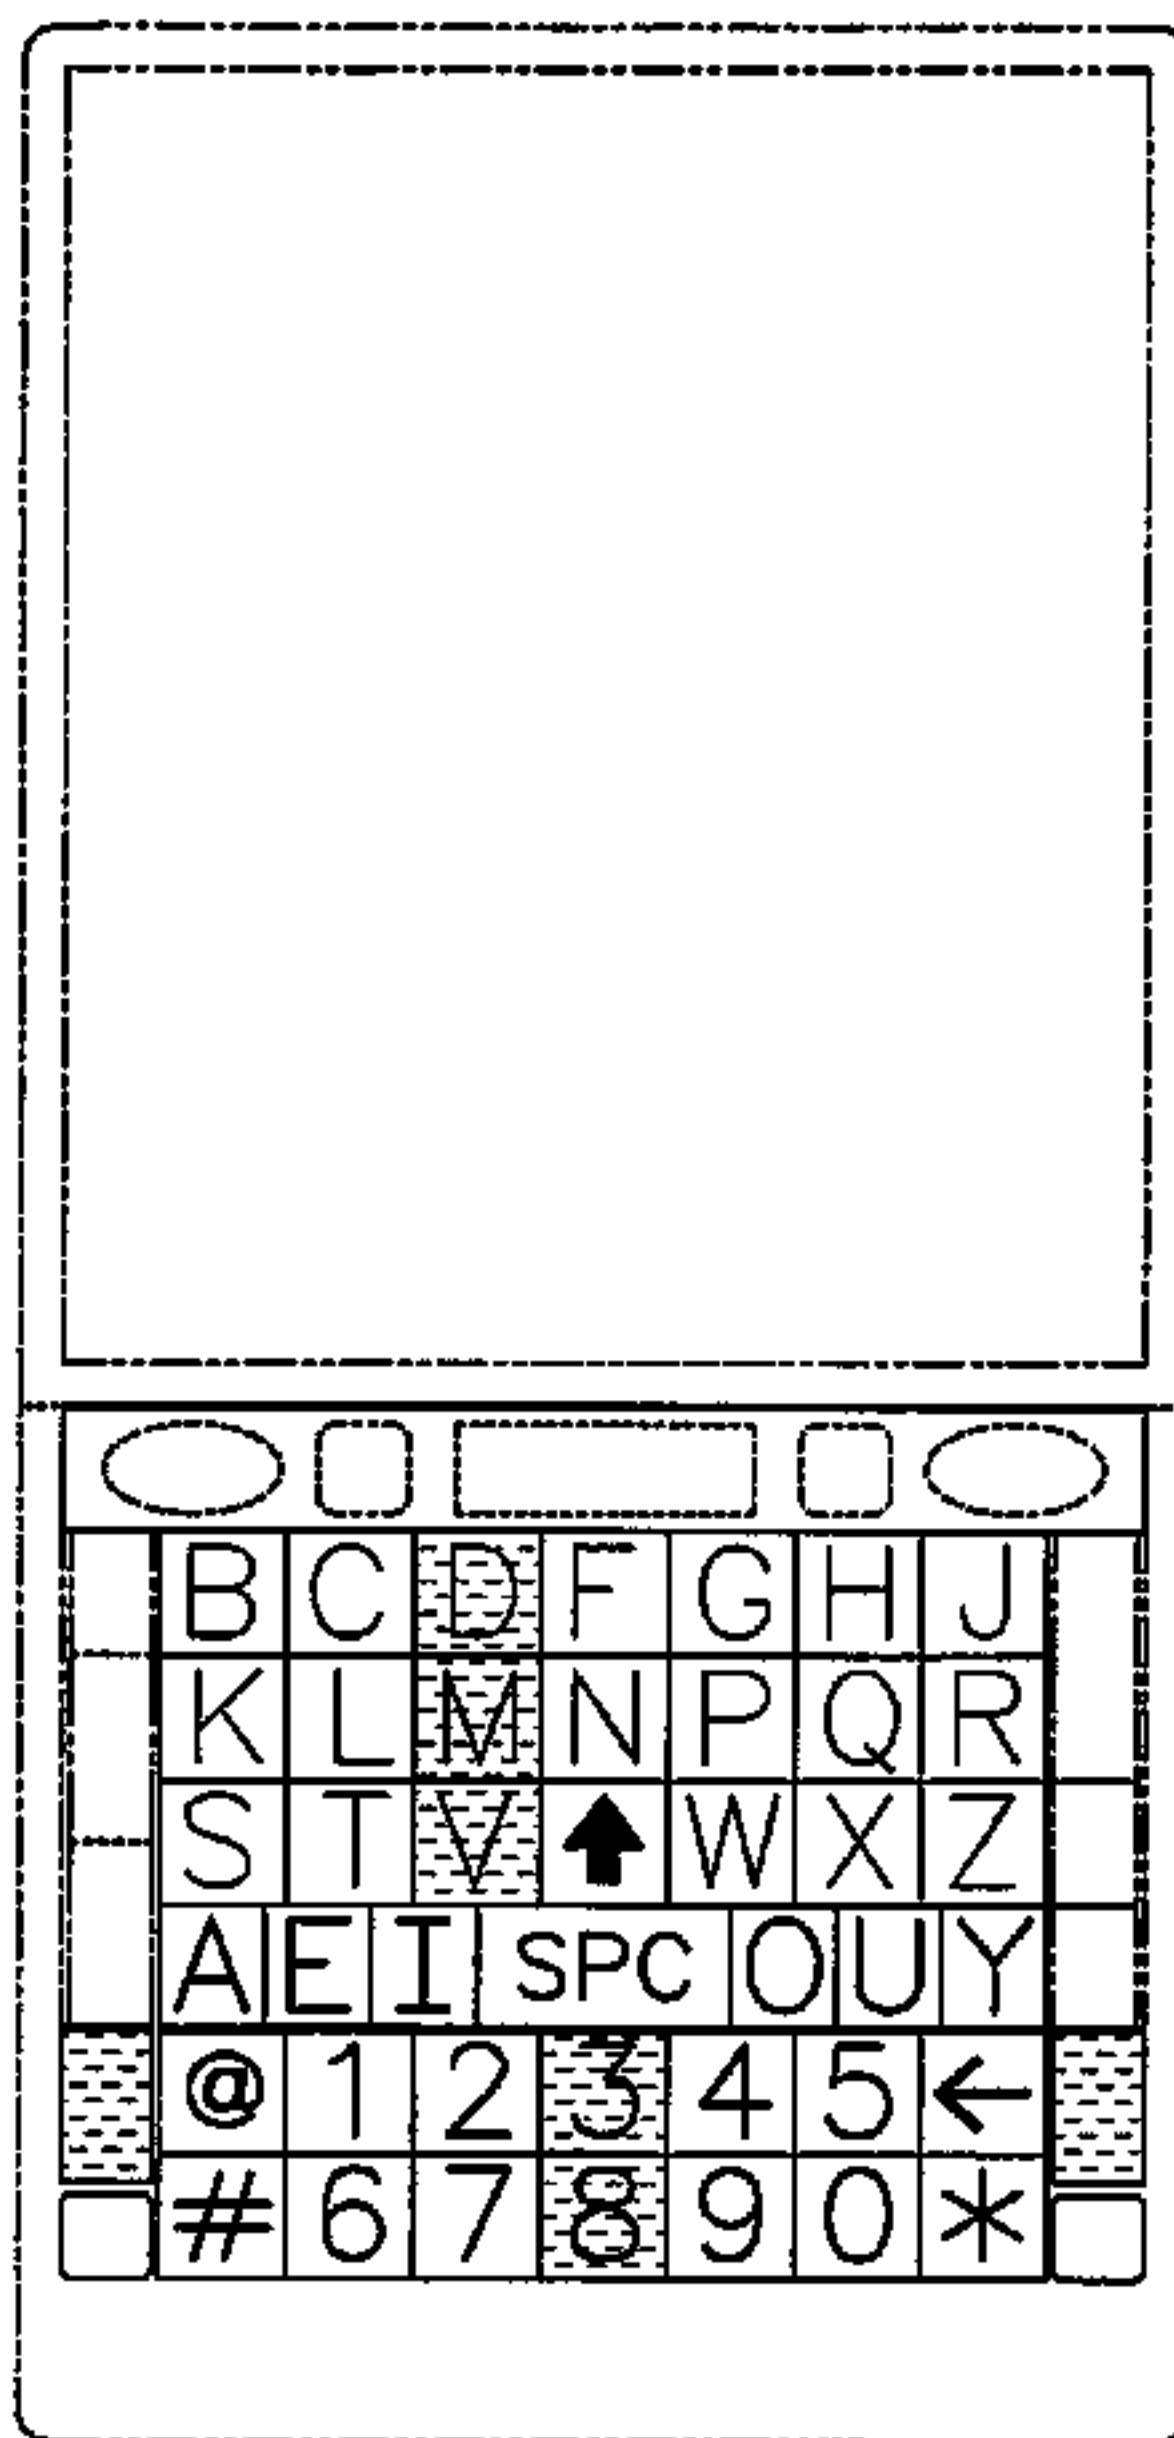

FIG. 1 is a front view of an interface for an alphanumeric user activated component, keypad, or keyboard showing my new design.

FIG. 2 is a right side view thereof shown removed from its environment in order to show aspects of the design that are not apparent in the FIG. 1 view, the left side is identical; and, FIG. 3 is a top view thereof shown removed from its environment in order to show aspects of the design that are not apparent in the FIG. 1 view, the bottom view is identical.

The portions of the user interface shown in dot-dot-dash broken lines are directed to environment and are for illustration only; they form no part of the claimed design.

The evenly spaced horizontally parallel broken lines shown in various locations indicate a change in color.
