(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright and/or trademark is made. The copyright and/or trademark owner has no objection to the reproduction of the present document or the patent disclosure, as it appears in the U.S. Patent Office records, but reserves all other copyright and/or trademark rights whatsoever.

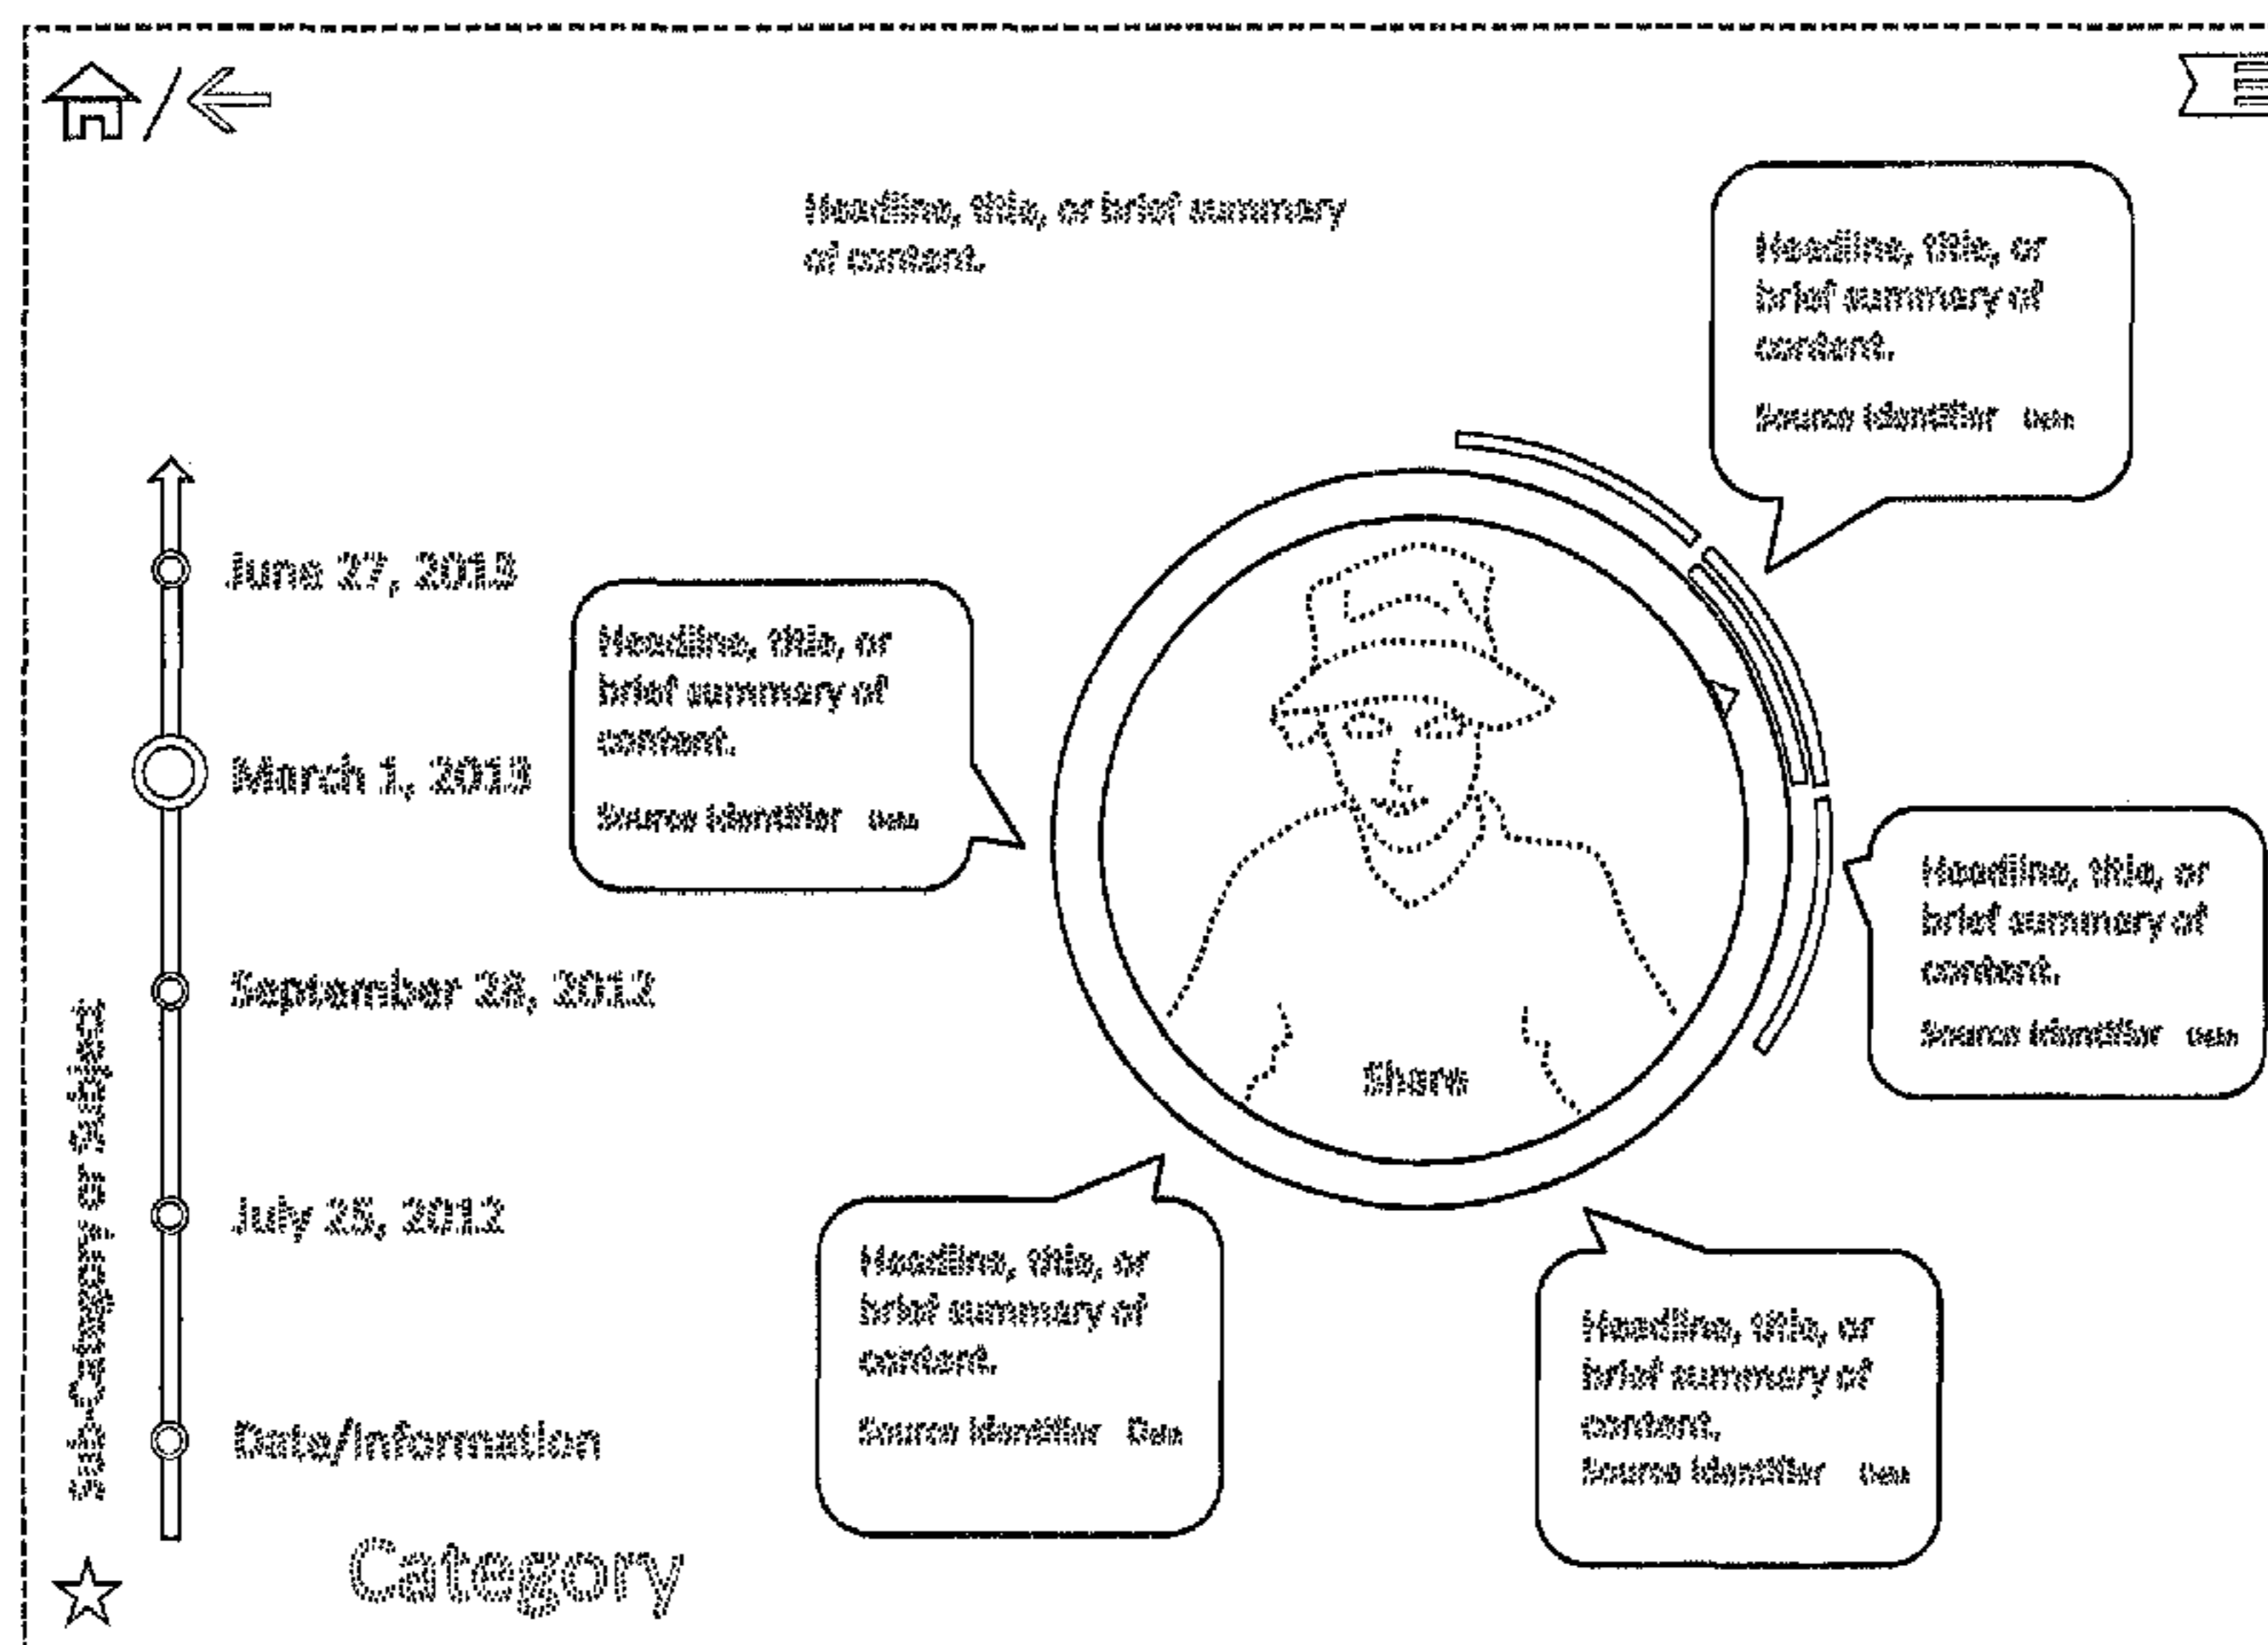

FIG. 1 is a front view of a display screen with graphical user interface showing a first image; and, FIG. 2 is a front view thereof showing a second image.

The broken lines shown in the drawings are for illustration only and form no part of the claimed design.

The broken line words, letters, numbers, and various graphical representations are for illustrative purposes only and form no part of the claimed design.

The computer screen shown in broken lines forms no part of the claimed design. The portions of the graphical user interface shown in broken lines form no part of the claimed design. The appearance of the animated images sequentially transitions between the images shown in FIGS. 1 to 2. The process or period in which one image transitions to another forms no part of the claimed design.
