(57) **CLAIM**

The ornamental design for a rack for communication device, as shown and described.

DESCRIPTION

FIG. 1 is a top front perspective view of a rack for communication device showing our new design;
FIG. 2 is a front view thereof;
FIG. 3 is a rear view thereof;
FIG. 4 is a left-side view thereof;
FIG. 5 is a right-side view thereof;
FIG. 6 is a top view thereof;
FIG. 7 is a bottom view thereof; and,
FIG. 8 is another top front perspective view thereof showing communication wires installed to the rack for communication device while in use.

The broken lines shown in the drawings that are immediately adjacent to the shaded areas, and define an unshaded region, represent the bounds of the claim, while the broken lines within the boundaries are directed to environment. The broken lines and the unshaded regions form no part of the claimed design.

The shade lines in the figures show contour and not surface ornamentation.
