(57) **CLAIM**

We claim the ornamental design for the display with destination management user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display showing a user interface having a destination management user interface in a first embodiment;

FIG. 2 is a front view of a display showing a user interface having a destination management user interface in a second embodiment;

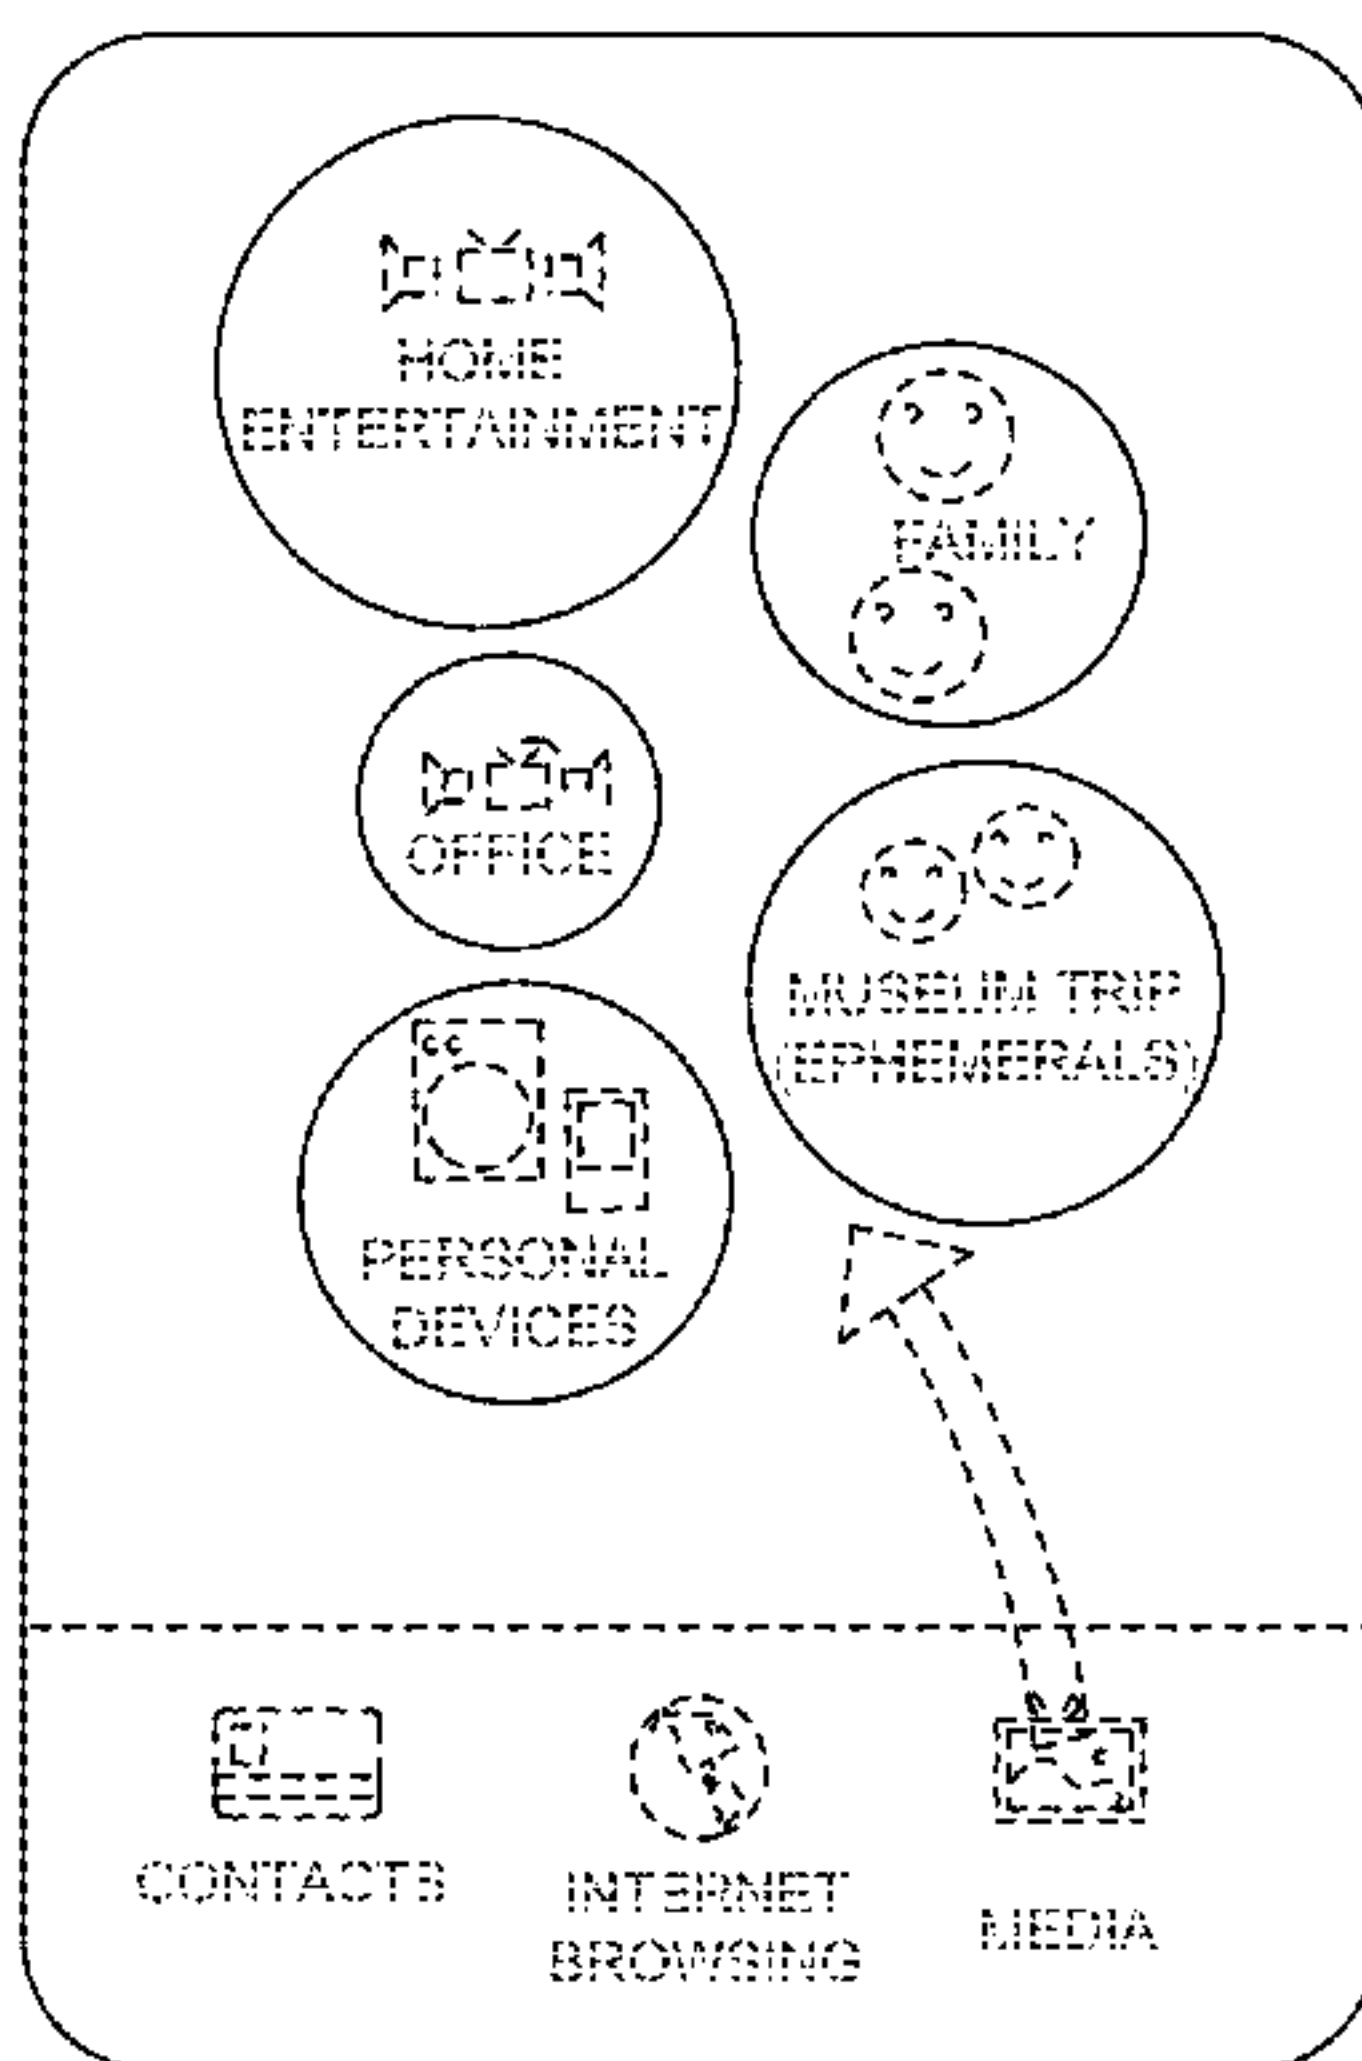

FIG. 3 is a front view of a display showing a user interface having a destination management user interface in a third embodiment;

FIG. 4 is a front view of a display showing a user interface having a destination management user interface in a fourth embodiment; and,

FIG. 5 is a front view of a display showing a user interface having a destination management user interface in a fifth embodiment.

The broken lines shown in the drawings illustrate environmental features and portions of the user interface that form no part of the claimed design.
