(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a display screen with graphical user interface showing our new design;

FIG. 2 is a front elevational view showing the design for the display screen with graphical user interface of FIG. 1;

FIG. 3 is a rear elevational view showing the design for the display screen with graphical user interface of FIG. 1;

FIG. 4 is a bottom plan view showing the design for the display screen with graphical user interface of FIG. 1;

FIG. 5 is a top plan view showing the design for the display screen with graphical user interface of FIG. 1;

FIG. 6 is a left side elevational view showing the design for the display screen with graphical user interface of FIG. 1; and,

FIG. 7 is a right side elevational view showing the design for the display screen with graphical user interface of FIG. 1.

The broken lines shown in the drawings form no part of the claimed design.

1 Claim, 7 Drawing Sheets
