(57) **CLAIM**

The ornamental design for a ear muffs with built-in speakers and control module, as shown and described.

DESCRIPTION

FIG. 1 is a perspective and exploded view of the ear muffs with built-in speakers and control module showing my new design;

FIG. 2 is another perspective view of the ear muffs with built-in speakers and control module of FIG. 1;

FIG. 3 is a front view of the ear muffs with built-in speakers and control module of FIG. 1;

FIG. 4 is a rear view of the ear muffs with built-in speakers and control module of FIG. 1;

FIG. 5 is a left side view of the ear muffs with built-in speakers and control module of FIG. 1;

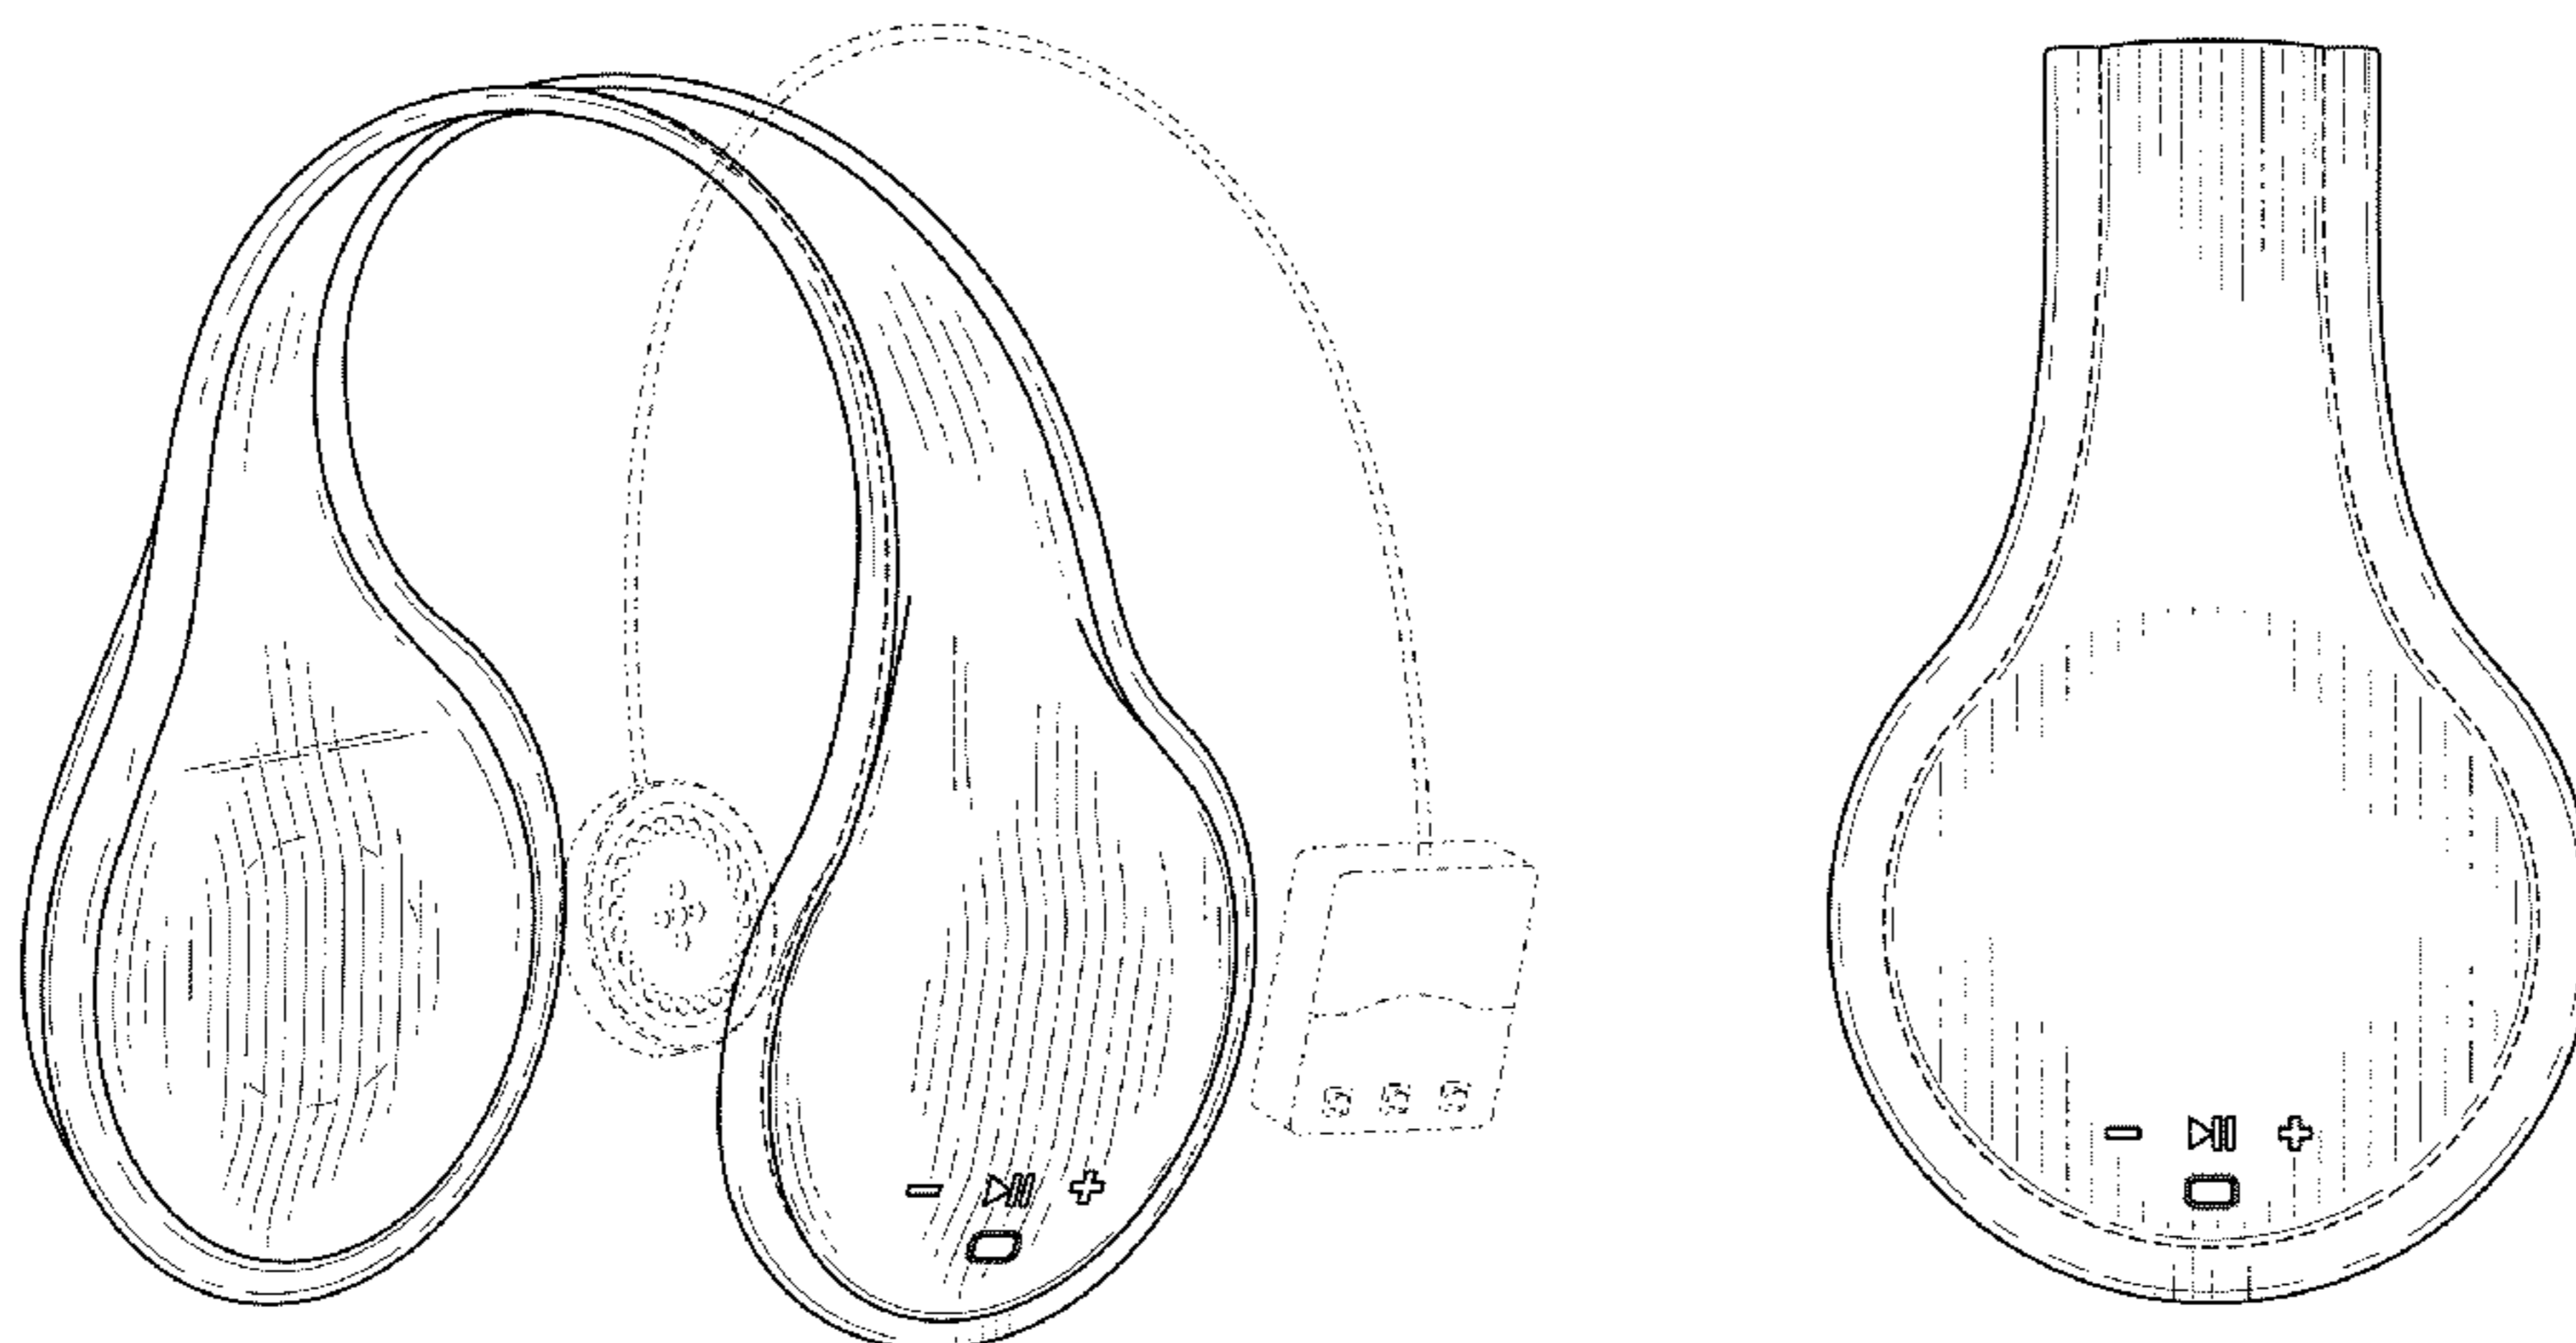

FIG. 6 is a right side view of the ear muffs with built-in speakers and control module of FIG. 1;

FIG. 7 is a top view of the ear muffs with built-in speakers and control module of FIG. 1; and,

FIG. 8 is a bottom view of the ear muffs with built-in speakers and control module of FIG. 1.

The broken lines depicted in the foregoing figures are for purposes of illustration only, and form no part of the claimed design.
