(57) **CLAIM**

The ornamental design for a medical connector with spiral guard, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a medical connector with spiral guard showing my new design; FIG. 2 is a front view thereof; FIG. 3 is a right-side view thereof; FIG. 4 is a rear view thereof; FIG. 5 is a left-side view thereof; FIG. 6 is a top view thereof; FIG. 7 is a sectional view through the section 7-7 of FIG. 6; FIG. 8 is a sectional view through the section 8-8 of FIG. 6; FIG. 9 is a perspective view of the medical connector of FIG. 1 with the spiral guard shown in an alternate position; and, FIG. 10 is a rear view of the medical connector of FIG. 1 with the spiral guard shown in an alternate position.

The evenly-spaced broken line depictions of environmental structure represents the medical-fluid delivery device with which the design may be associated and forms no part of the claimed design. The underside of my new design contains no ornamental features and is not directly visible when integrated with the medical-fluid delivery device.

1 Claim, 4 Drawing Sheets

FIG. 1

FIG. 2
