(57) **CLAIM**

The ornamental design for a female intravaginal incontinence device, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a female intravaginal incontinence device showing our new design; FIG. 2 is a front view of a female intravaginal incontinence device; FIG. 3 is a right side view of the female intravaginal incontinence device; FIG. 4 is a bottom view of the female intravaginal incontinence device; FIG. 5 is a top view of the female intravaginal incontinence device; and, FIG. 6 is a perspective view of the female intravaginal incontinence device as worn by the user.

Left side views not shown are mirror images of right side views. Rear views not shown are mirror images of front views. Any broken lines illustrative of environmental structure in the drawings are not part of the design sought to be patented.
