(57) **CLAIM**

The ornamental design for a replaceable arch-supportive sandal insole, as shown and described.

DESCRIPTION

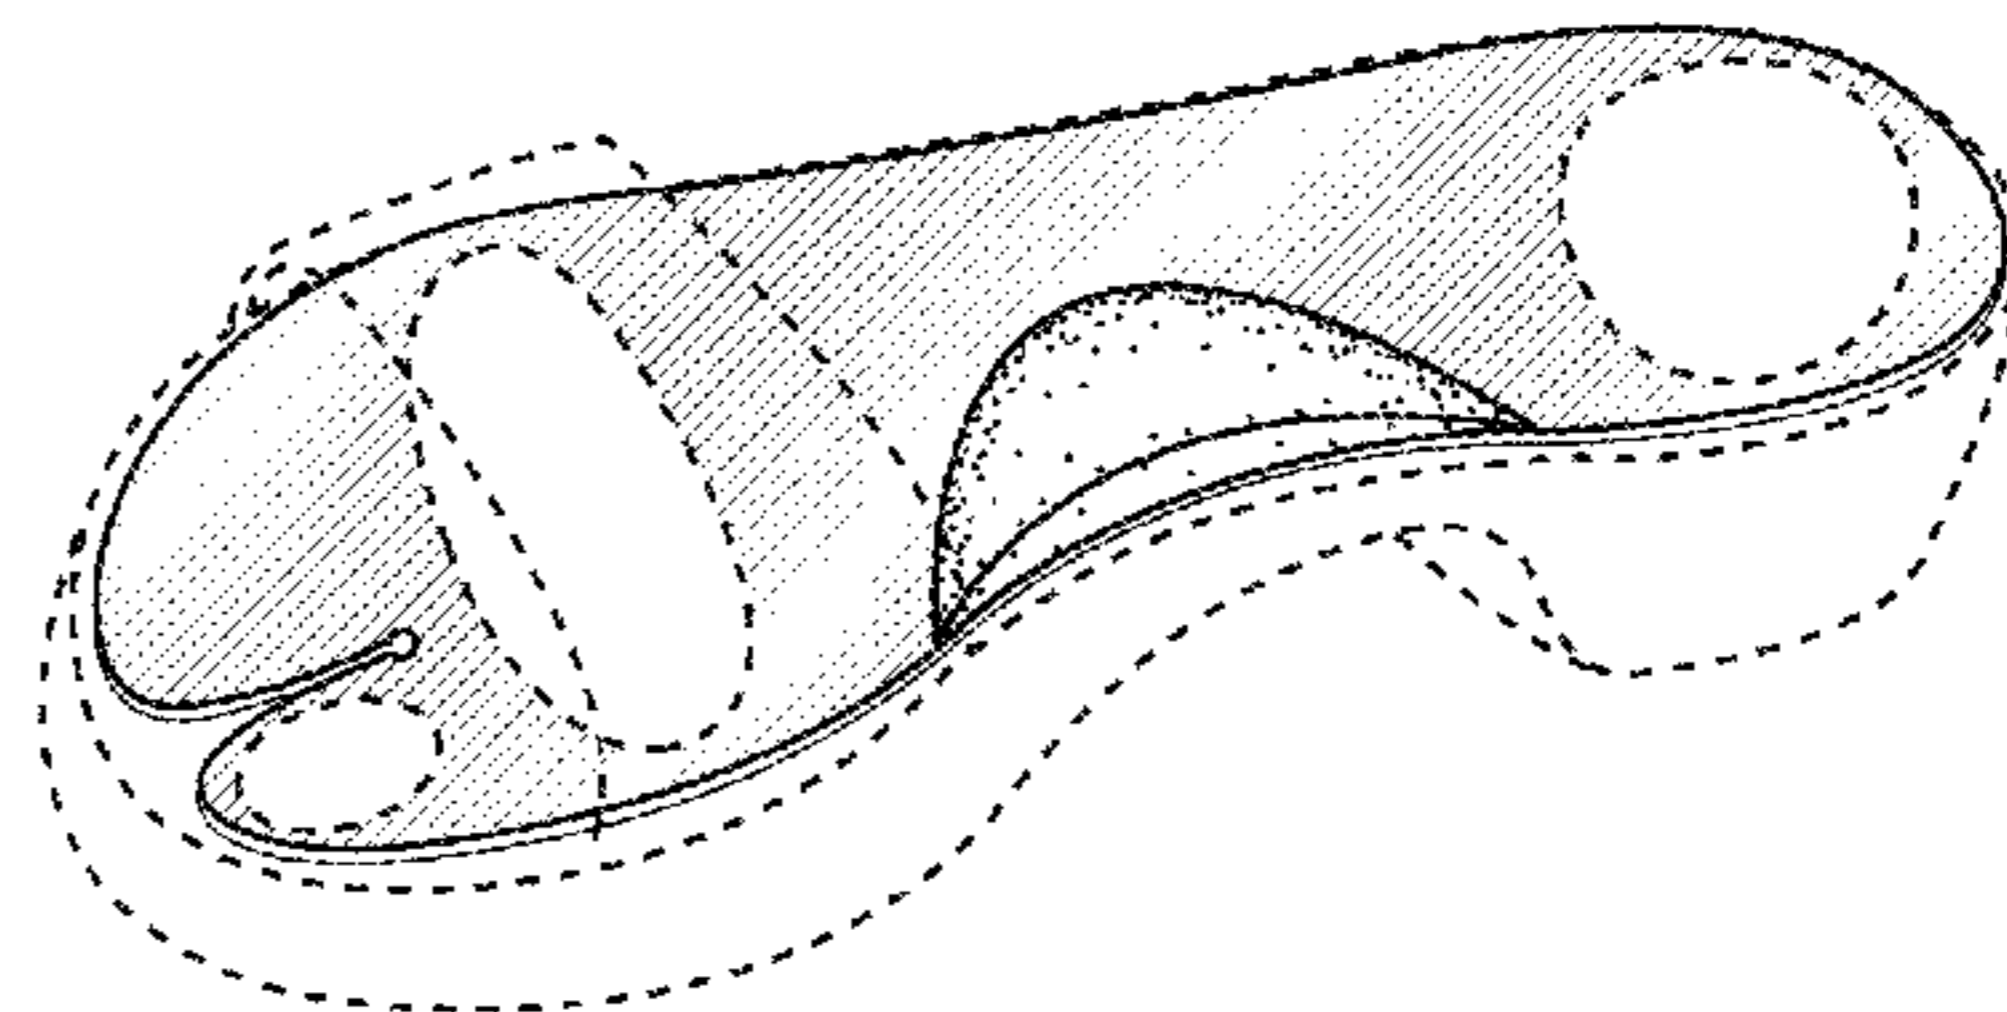

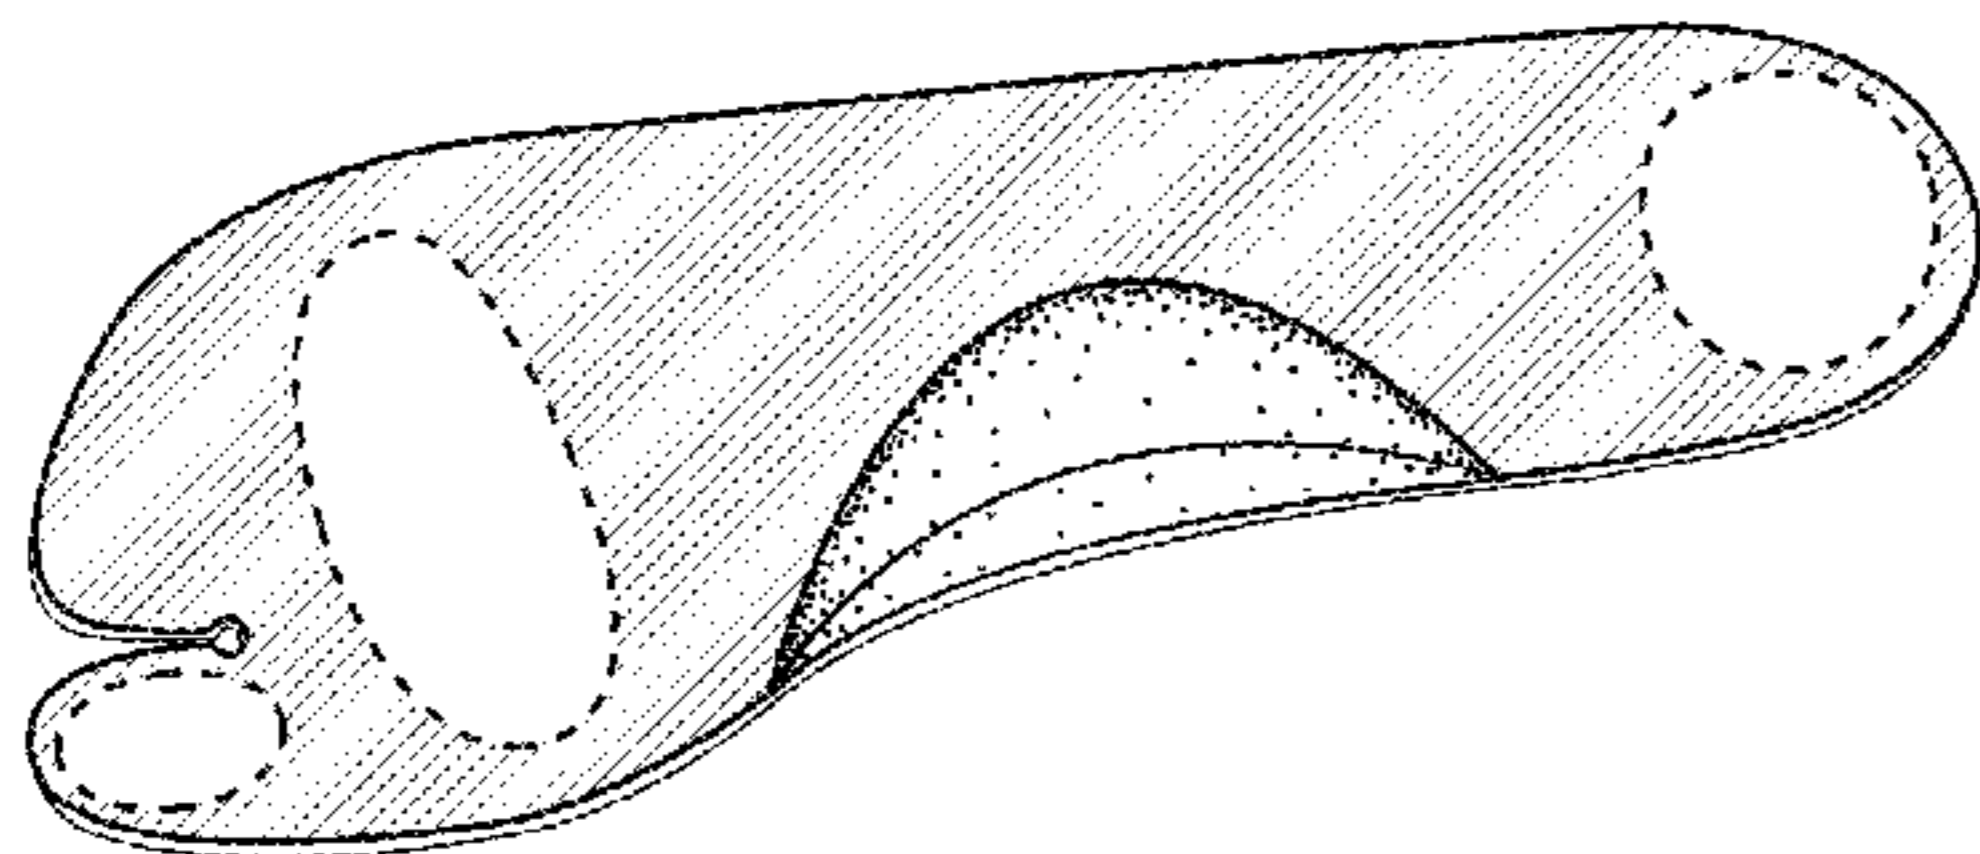

FIG. 1 is an isometric view of a first embodiment of a replaceable arch-supportive sandal insole showing my new design; FIG. 2 is another isometric view thereof, shown in a used condition with a non-thong sandal shown in broken lines; FIG. 3 is another isometric view thereof, shown in a used condition with a thong sandal shown in broken lines; FIG. 4 is an inside side view thereof; FIG. 5 is a top view thereof; FIG. 6 is an isometric view of a second embodiment of a replaceable arch-supportive sandal insole showing my new design; FIG. 7 is another isometric view thereof, shown in a used condition with a non-thong high heeled sandal shown in broken lines; FIG. 8 is another isometric view thereof, shown in a used condition with a thong sandal shown in broken lines; FIG. 9 is an inside side view thereof, shown in a used condition with a thong sandal in broken lines; FIG. 10 is a top view thereof, shown in a used condition with a thong sandal in broken lines; and, FIG. 11 is an isometric view of a third embodiment of a replaceable arch-supportive sandal insole showing my new design.

In FIGS. 1-10, the portions on the top of the insole represented by stippled spaces without diagonal lines indicate contrast with the portions represented by diagonal lines.

The features shown in broken lines in the various Figures are for illustrating environmental structure and form no part of the claimed design.

The figures depict an insole for a right foot, and the insole for the left foot is the mirror image thereof.

1 Claim, 3 Drawing Sheets
