(57) **CLAIM**
The ornamental design for the two-compartment container, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of the two-compartment container with the top compartment in an open position showing the interior of the top compartment;
FIG. 2 is a top plan view of the two-compartment container with the top compartment and the bottom compartment in open positions showing the interiors of the compartments;
FIG. 3 is a front view of the two-compartment container with the top compartment in an open position;
FIG. 4 is a front view of the two-compartment container with the top compartment and the bottom compartment in open positions;
FIG. 5 is a front view of the two-compartment container with the bottom compartment in an open position;
FIG. 6 is a side view of the two-compartment container with the top compartment and the bottom compartment in open positions; and,
FIG. 7 is a side perspective view of the two-compartment container with the top compartment and the bottom compartment in open positions.
The broken lines illustrate portions of the two-compartment container and form no part of the claimed design.

1 Claim, 5 Drawing Sheets
