(57) **CLAIM**

The ornamental design for a pull strap for a recliner mechanism, as shown and described.

DESCRIPTION

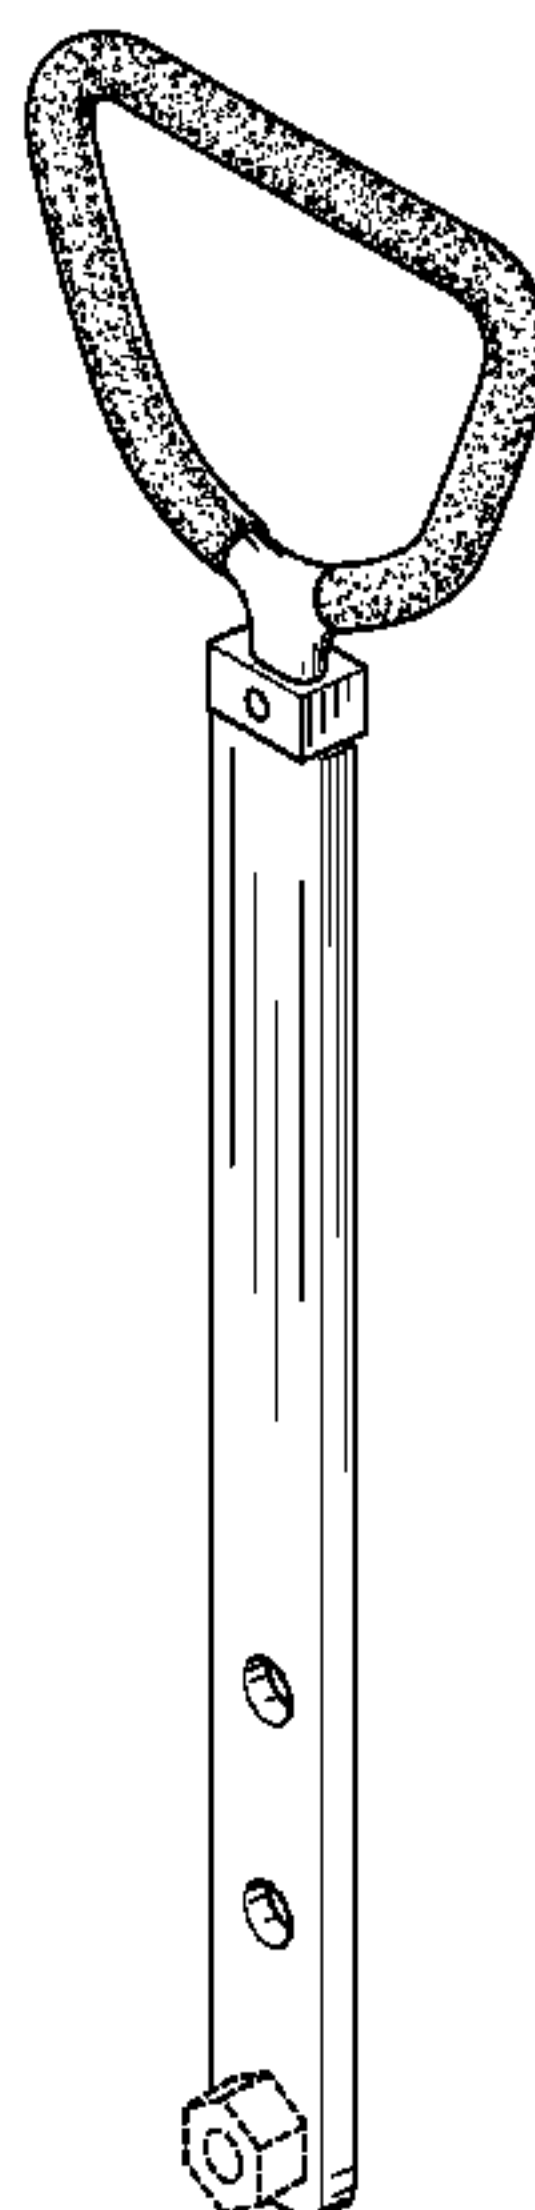

FIG. 1 is a front perspective view of a pull strap for a recliner mechanism exemplary of a first aspect of the present inventive design;

FIG. 2 is a front elevational view of the pull strap of FIG. 1; FIG. 3 is a side elevational view of the pull strap of FIG. 1; and,

FIG. 4 is a top end plan view of the pull strap of FIG. 1.

Broken lines in the drawings are for the purposes of illustrating environmental structure and form no part of the claimed design.
